## SPED MODERATE/SEVERE PRELIMINARY CREDENTIAL Traditional and Intern Pathways

PART IV – Use of Assessment Results to Improve Candidate and Program Performance

Data Source	Plan of Action or Proposed Changes Made	Applicable Program or
Source	No abangas Cantinua to Manitan	Common Standard(s)
TDA 1 2	No changes. Continue to Monitor.	Common Standard 0
TPA 1,2	All tasks were passed at a relatively high rate,	Common Standard 9
,3,& 4	between 82% and 100% passage rate. Education Specialist candidates' overall mean scores are	M/S Program Standard 3
	very consistent over the course of Tasks 1-4,	W/ST rogram Sianaara S
	indicating that candidate skill and knowledge	
	remains strong as the rigor of the performance	
	tasks increase. This is also a finding that can be	
	considered a program strength.	
	In 2013, Task 2 was passed at a rate of 63% on	
	the first attempt and 75% on the 2 <sup>nd</sup> attempt.	
	The overall mean score was at 2.87/4, an area of	
	need for program improvement. Task 3,	
	however, showed a strong increase from 60% on	
	the 1 <sup>st</sup> attempt to 100% on the 2 <sup>nd</sup> attempt. It	
	was on the 2 <sup>nd</sup> attempt in each Task that a	
	significant percentage of the candidates passed.	
	Education Specialist candidates' overall mean	
	scores are very consistent across Tasks 2-3,	
	indicating that candidate skill and knowledge	
	remains strong as the rigor of the performance	
	tasks increase.	
	The range of passing scores is high and provides	
	useful information about the quality of	
	preparation provided by the SOE. No significant	
	difference was apparent among the four regional	
	centers. Continued intentional work on the TPAs	
	embedded in coursework would assist	
	candidates in their preparation for TPAs. The	
	Special Education Program Director and TPA	
	coordinator will continue regular monitoring of	
	each candidate's progress throughout the	
	program.	
	Candidates performed strongly on the signature	Common Standard 9
Signature	assignments.	
Assignments	No changes. Continue to Monitor.	M/S Program Standard 3
<b>J</b>	EDU 600 - Continuation of activities and	
	assignments in this course that support candidate	
	development of how learning theories affect and	

	- 1
resonate with their beliefs.	
EDU 610 – Continuation of activities and	
assignments in this course that support candidate	
development of how reading, reading	
comprehension, and literacy skills develop to a	
competency level in students.	
EDU 652 - Since consultation and collaboration	
are critical aspects of the function of an	
*	
education specialist in schools today the	
signature assignment in this course is an	
essential one. Recommend continuation of this	
signature assignment.	
EDU 650- <b>Recommendation:</b> The current	
signature assignment is limited in its capacity to	
measure only a few of the standards for the	
course. Recommend the use of a signature	
assignment that measures a wider array of	
standards for this course.	
EDU 655 - <b>Recommendation:</b> Add a signature	
assignment to (Organization for Success in the	
Mod/Severe Classroom) as a means to help	
address candidate knowledge and skills in	
instructional strategies.	
Since between 2012 and 2013 the Dispositions were	
Dispositions revised and changed from 8 to 4, a review of the Common Standard 2	and 9
implementation process for the new 4 Dispositions needs	
to occur throughout the coming years. Upon initial analysis, however, the data showed <i>Indicator 3 Reflective</i>	rd 4
Learner as being the area of lowest concern with a mean	
score of 3.35/4. <i>Indicator 2 Spirit of Harmony and</i>	
Collaboration received a score of 3.50/4 with Indicator 4	
Professional and Positive Perseverance received a mean	
score of 3.54/4. The highest mean score was shown in	
Indicator 1 Harmony received a mean score of 3.58/4.	
<b>Recommend:</b> As a result, faculty need to	
discuss ways to assist candidates by increasing	
their confidence in collaboration and	
emphasizing the need to exhibit humility as well	
as learning how to manage conflicts and/or	
issues with others. The faculty need to develop	
· · · · · · · · · · · · · · · · · · ·	
a "plan of action" as to how to address these	
three areas for future candidates to include	
discussion and role play.	
As with the disposition data, this data requires   Common Standard 7	
Exit Survey time discussion and follow-up by faculty. An	
analysis of the responses indicate strong	
confidence in teaching skills acquired in the	
program in the areas of Transform by combining	

	the scores for "well prepared" and "adequately	
	prepared" to show greater than 90% agreement.	
	Similarly, by combining the scores for Empower	
	("extremely effective" and "effective") again a	
	score of greater than 90% can be seen. However,	
	when examining Equip and specifically looking	
	at the issue of parent/teacher conferences,	
	slightly more than 25% of candidates indicated	
	that they felt either only "somewhat prepared"	
	or "underprepared". Clearly this is an area for	
	program improvement by the special education	
	program team.	
	Recommend: Implementing the co-teaching	
	clinical practice model, candidates will have	
Carana Data	increased access to parent partnerships.	
Course Data	Recommend: With candidates choosing to seek	G G 1 12
	two credentials, they enter into a second DRF.	Common Standard 2
Disposition	This impacts the consistent number of	
Data	participants (n) in the assessments of a program.	
	Task force will work with Taskstream to ensure	
Exit Survey	that there is a "crosswalk" so that consistent	
Data	numbers are represented in each credential	
	program.	
Signature	<b>Recommend:</b> All syllabi and accompanying	
Assignment	assignments will be reviewed to ensure adequate	Common Standards 2, 7 and
Course Data	instruction of the common core standards at the	9
	graduate level.	M/S Program Standards 1
		and 3
Lack of	Recommend: Simplify method of data collection	
consistent	for dispositions to specific courses aligned with	Common Standard 9
collection of	other SOE programs. Course professors assess	
disposition	dispositions in the same courses that candidates	
data	complete their disposition self-assessment.
