Conclusions Drawn from Data:

Our HPS students have historically performed well with regard to this learning outcome, as the vast majority of our students are consistently “marginal” or “proficient.”

Changes to be Made Based on Data:

None at this time, other than to monitor the longitudinal data.

Our HPS students experienced a significant decline in this outcome this year. It is unclear if this is an anomaly or signs of a disturbing trend.

Changes to be Made Based on Data:

Spend additional intentional time on writing skills in POL2070 and continue to monitor the data to determine if this was an anomaly or a trend that requires more action.

HISTORY & POLITICAL SCIENCE
International Studies Core Competencies
Oral Communication
2020-2021

Learning Outcome:

PLO 5. Students who complete the program in International Studies will be able to demonstrate oral communication abilities, particularly to convey complex ideas, recognize diverse viewpoints, and offer empirical evidence of an argument. IS PLO 5 aligns with oral communication core competency.

Outcome Measure:

In 2017, 2018, and 2020, assessment was completed on video résumés submitted by senior international studies students. In 2019, assessment was based on observations from the oral presentation students give in POL435 Global Governance (Fall 2018). Starting in 2021, the video résumés are now submitted by seniors in the Senior Seminar course.

Criteria for Success:

Minimum average of 2.75 (out of 4) for each criteria of rubric

Aligned with DQP Learning Areas (highlight one or more):

1. Specialized Knowledge
2. Broad and Integrative Knowledge
3. Intellectual Skills/Core Competencies
4. Applied and Collaborative Learning
5. Civic and Global Learning

Longitudinal Data:

The Longitudinal Data begins in 2013-2014, because we wrote new Program Learning Outcomes in 2013 to align with the Core Competencies. There is a different set of data to match different learning outcomes for 2011-2012 and 2012-2013.

International Studies PLO 5_ Oral Communication Assessment Rubric – Average Student Scores:

Course	Semester	N	Organization	Language	Delivery	Complexity	Diverse Viewpoints	Empirical Evidence	Central Message	Average Score
IS Senior	Spring 2017	1	3.00	4.00	3.00	Na	Na	3.00	2.00	3.00
IS Senior	Spring 2018	2	3.50	3.50	3.50	3.50	4.00	4.00	3.60	3.67
IS Senior	Spring 2020	2	3.83	4.00	3.33	3.17	4.00	3.83	4.00	3.74
IS Senior	Spring 2021	6	3.47	3.38	3.4	3.21	4.00	3.63	3.55	3.52

Conclusions Drawn from Data:

This was the fifth year that we asked our students to do a video résumé and we feel that we are starting to figure out how to communicate with them about the purpose and utility of these videos. This was the first year that we assigned this task as part of the Senior Seminar class, which also meant there was a larger sample size and students did not “opt in” as in earlier years, so we would expect to see a dip in the average scores, though they are still strong.

We will continue to work with our students on expectations, deadlines, and the ways in which they can benefit from having a video résumé ready to go.

Changes to be Made Based on Data:

Have in-person discussions with our students about the “why” behind a video résumé. Otherwise, no changes at this time, other than to collect and monitor the longitudinal data.

HISTORY & POLITICAL SCIENCE
International Studies Core Competencies
Information Literacy
2020-2021

Learning Outcome:

International studies PLO 3. Students who complete the program in International Studies will be able to demonstrate social scientific information literacy. IS PLO 3 aligns with Information Literacy Core Competency.

Outcome Measure:

Research paper written during the student's final two years at PLNU (must be from an upper-division course). This paper is then edited, revised, and reworked in the Senior Seminar course in the student's senior year.

Criteria for Success:

Minimum average of 2.75 (out of 4) for each criteria of rubric

Aligned with DQP Learning Areas (highlight one or more):

1. Specialized Knowledge
2. Broad and Integrative Knowledge
3. Intellectual Skills/Core Competencies
4. Applied and Collaborative Learning
5. Civic and Global Learning

Longitudinal Data:

International Studies PLO 3_ Information Literacy Assessment Rubric – Average Student Scores:

Course	Semester	N	Determine Extent of Information	Access Needed Information	Evaluate Information & Sources	Use Information for a Purpose	Average
IS Senior	Spring 2018	6	3.17	2.50	3.17	2.83	2.92
IS Senior	Spring 2019	3	3.33	2.33	2.33	2.33	2.58
IS Senior	Spring 2020	2	3.67	3.33	3.50	4.00	3.63
IS Senior	Spring 2021	6	3.58	3.25	3.50	3.67	3.50

Conclusions Drawn from Data:

Our students are generally performing well but we'll continue to work with them in this area, especially the "Access Needed Information" category. While students have improved in this category, there is still an overreliance on Internet sources as opposed to more academic, peer-reviewed sources.

Changes to be Made Based on Data:

We will encourage them to consult with Robin Lang (our library liaison), utilize interlibrary loan, and visit the UCSD and SDSU libraries as a way to broaden the scope of their academic research. We also need to

look for better tools to provide the students about how to use sources in all classes (rather than just the Scope and Methods course).
