**Outcome Measure**

Final Concert Report assigned in all sections of MUH 1000. Although the various sections are taught differently each section agrees to add the CLO's listed above and to measure these CLO's in the same way. A random selection from our six sections were scored against the common rubric in order to generate the longitudinal data. The papers are scored against the rubric by the professor after they have been graded.

**Criteria for Success**

75% of students will score at least a 2 on all three sections of the final paper.

**Conclusions Drawn from Data**

MUH 1000 sections in Spring 2022 were divided between three instructors. As has been

stated previously, MUH 1000 is an Introduction to Western Art Music course for which the instructors have different approaches. The instructors share a set of learning outcomes that are assessed with a common paper. Student experience and satisfaction with the course varies widely.

Data from Spring 2022 MUH 1000 shows that most students are meeting success criteria again in the areas of evaluating live concerts and recognizing music concerts. Although fewer students are meeting the standard for understanding historical and cultural perspectives about the music, our standard for success has still been achieved.
