PLNU MISSION

To Teach ~ To Shape ~ To Send

Point Loma Nazarene University exists to provide higher education in a vital Christian community where minds are engaged and challenged, character is modeled and formed, and service is an expression of faith. Being of Wesleyan heritage, we strive to be a learning community where grace is foundational, truth is pursued, and holiness is a way of life.

COURSE DESCRIPTION

This is a 5-week, full-time required clinical experience during which the student will have the opportunity to evaluate and treat prenatal and gynecological conditions in the inpatient or outpatient settings. Students will build on the fundamental skills of history taking, performing physical exams, developing differential diagnoses, formulating diagnoses, designing prevention and treatment plans and documenting common medical conditions observed in the Women's Health

setting. The practicum will enable students to strengthen their knowledge and application of pre-natal care and gynecologic conditions. Students will be expected to mirror the Preceptor's schedule and may be assigned to any shift on any day of the week, including holidays.

COURSE GOALS

The goal of the 5-week Women's Health clinical rotation is to:

1. Utilize innovative systems within the Women's Health rotation that prepare students for clinical practice while enhancing their performance on standardized national exams, meeting or exceeding NCCPA PANCE expectations for conditions in the subspecialty of obstetrics and gynecology.
2. Provide a clinical experience that allows students to apply their medical knowledge to competently address the acute and chronic healthcare needs of prenatal and gynecologic patients in the women's health setting.
3. Promote interdisciplinary collaboration in the women's health clinical setting.
4. Foster critical thinking and advanced medical problem-solving skills.

PROGRAM LEARNING OUTCOMES

The content in this course will contribute to the student's competency in this/these area(s):

- PLO 1. Gather a history and perform a physical examination. ^{PC, KP, ICS, P, PPD}
- PLO 2. Prioritize a differential diagnosis following a clinical encounter. ^{PC, KP, PBLI, ICS, PPD}
- PLO 3. Recommend and interpret common diagnostic and screening tests. ^{PC, KP, PBLI, SBP, PPD}
- PLO 4. Enter and discuss orders and prescriptions. ^{PC, PBLI, ICS, SBP, PPD}
- PLO 5. Document a clinical encounter in the patient record. ^{PC, ICS, P, SBP, PPD}
- PLO 6. Provide an oral presentation of a clinical encounter. ^{PC, PBLI, ICS, P, PPD}
- PLO 7. Form clinical questions and retrieve evidence to advance patient care. ^{KP, PBLI, ICS, P, PPD}
- PLO 8. Give or receive a patient handover to transition care responsibilities. ^{PC, PBLI, ICS, P, PPD}
- PLO 9. Collaborate as a member of an inter-professional team. ^{ICS, P, SBP, IPC, PPD}
- PLO 10. Recognize a patient requiring urgent or emergent care and initiate evaluation and management. ^{PC, ICS, PPD}
- PLO 11. Obtain informed consent for tests and/or procedures. ^{PC, ICS, SBP, PPD}
- PLO 12. Perform general procedures of a physician assistant. ^{PC, ICS, P, SBP, PPD}

Initials indicate PA core competency domains required to meet the PLO.

PA Core Competency Domains: Patient Care (PC), Knowledge for Practice (KP), Practice-based Learning and Improvement (PBLI), Interpersonal and Communication Skills (ICS), Professionalism (P), Systems-Based Practice (SBP), Interprofessional Collaboration (IC), Personal and Professional Development (PPD)

COURSE LEARNING OUTCOMES

CLO 1. Elicit comprehensive histories and physical examinations for patients seeking care for women's health concerns.
CLO 2. Prioritize a differential diagnosis that incorporates history, physical examination, and diagnostic data for patients seeking care for women's health concerns.
CLO 3. Recommend and interpret appropriate laboratory, diagnostic, and screening studies to support the differential diagnosis and management of common acute, chronic, and preventive conditions common in women's health medicine.
CLO 4. Develop acute, chronic, and preventative management plans for patients seeking care for women's health concerns.
CLO 5. Presents a women's health patient encounter, including a discussion of the pathology, laboratory, and/or imaging results, and justification of the proposed management plan.
CLO 6. Recognize and initiate appropriate management for urgent or emergent conditions commonly encountered in women's health.
CLO 7. Communicates clearly and respectfully with patients and families, regarding tests, diagnoses, treatment, and follow-up plans.
CLO 8. Document a clinical encounter appropriate to the women's health setting.
CLO 9. Collaborate with the interprofessional healthcare team to enhance care coordination and improve outcomes for patient's with women's health concerns.
CLO 10. Form clinical questions and retrieve evidence to guide decision-making in the care of women's health patient encounters.
CLO 11. Perform procedures of a physician assistant in a women's health setting.

INSTRUCTIONAL OBJECTIVES

The following are the required instructional objectives for the Women's Health rotation. By the conclusion of the rotation, students are expected to demonstrate the objectives outlined below at the required level of competency. Refer to Canvas for detailed rubric criteria.

Alignment to Core Competencies and Program Learning Outcomes

IO 1a. Gather a focused history for a prenatal patient.
IO 1b. Gather a focused history for a gynecologic patient.
IO 2a. Perform a focused physical exam for a prenatal patient.
IO 2b. Perform and record a focused physical exam for a gynecologic patient.
IO 3. Generate a differential diagnosis based on the history, the physical examination, results of any diagnostic studies performed, and clinical knowledge of common women's health disorders.

IO 4. Order and interpret laboratory, diagnostic, and screening studies commonly used in women's health medicine.
IO 5a. Develop an appropriate management plan for a women's health patient requiring acute care.
IO 5b. Develop an appropriate management plan for a women's health patient requiring chronic care.
IO 6. Select appropriate pharmacological agents, incorporating knowledge of side effects, risks, benefits, drug interactions, and patient safety parameters.
IO 7. Differentiate between the Women's Health patient requiring urgent care and an emergent condition and initiate management as appropriate.
IO 8. Demonstrate broad fundamental medical knowledge regarding common medical problems for women's health patients. **
IO 9. Communicates effectively and respectfully with patient and families, demonstrating sensitivity to social and cultural traditions.
IO 10. Written documentation is clear, accurate, organized, and thorough.
IO 11. Presents cases accurately reflecting chronology, details of physical findings, differential diagnoses, lab or imaging results, and proposed treatment plan.
IO 12. Educate patients and families regarding common women's health conditions and confirm understanding of follow-up plans, including treatments, testing, referrals, and continuity of care.
IO 13. Confirm the patient's understanding of the follow-up plan, including treatments, testing, referrals, and continuity of care.
IO 14. Demonstrates effective collaboration with other members of the healthcare team.
IO 15. Obtain, analyze, and use the medical literature and other information resources to address medical questions and to sustain professional growth.
IO 16. Identify strengths and weaknesses in knowledge and skills based on self-evaluation; seeks opportunities to increase knowledge and skills.
IO 17. Solicits, accepts, and acts on feedback to make effective improvements.
IO 18. Demonstrates appropriate respect, honesty, integrity, adherence to ethical standards of behaviors and legal standards

IO 19. Demonstrates accountability through timeliness and attends events as scheduled; meets all deadlines; dependable; punctual; communicates promptly when delayed.

IO 20. Readily assumes responsibility. Works well with the team; is self-motivated.

IO 21. Recommend prevention strategies for common women's health medical presentations.

IO 22. Perform fetal heart tone assessment using a Doppler device with proper technique in the OB setting.

IO 23. Insert and position a speculum correctly during a gynecologic exam

**** ALIGNMENT OF ORGAN SYSTEM-BASED CONDITIONS:**

You are expected to demonstrate broad fundamental medical knowledge at the required level of competency, for the topics outlined in the [PAEA END OF ROTATION TOPIC LIST: WOMEN'S HEALTH](#) Rubric criteria are available in Canvas and are assessed in the EOR exam. You are responsible for this content even if you do not encounter all listed conditions during your clinical rotation.

Assessment Map

PC, KP, ICS, P, PPD	PLO1	CLO1	IO1a	Preceptor Eval
PC, KP, ICS, P, PPD	PLO1	CLO1	IO1b	Preceptor Eval, PC OSCE
PC, KP, ICS, P, PPD	PLO1	CLO1	IO2a	Preceptor Eval
PC, KP, ICS, P, PPD	PLO1	CLO1	IO2b	Preceptor Eval
PC, KP, PBLI, ICS, PPD	PLO 2	CLO2	IO3	Preceptor Eval, Sim OSCE
PC, KP, PBLI, SBP, PPD	PLO 3	CLO3	IO4	Preceptor Eval, Sim OSCE

PC, ICS, P, SBP, PPD	PLO12	CLO11	IO22	Preceptor Eval
PC, ICS, P, SBP, PPD	PLO12	CLO11	IO23	Preceptor Eval

**** Students are expected to demonstrate competent or above on all assessments to successfully pass the course.**

RECOMMENDED STUDY RESOURCES

Note: Although there are no required textbooks for these rotations, students are encouraged to use textbooks and resources that are pertinent to the discipline of their study. The titles below are recommendations provided through Access Medicine.

****Title: Current Diagnosis & Treatment Obstetrics & Gynecology, 12th edition.**

Author: Alan H. DeCherney and Lauren Nathan

Publisher: McGraw- Hill

ISSN 0197-582X

ISBN 978-0-07-183390-5

****Title: Clinician's Pocket Reference**

Author: Leonard Gomella MD, FACS

Publisher: McGraw-Hill

ISBN: 978-00711602822

Recommended downloads for handheld devices:

- Epocrates
- Medscape
- PubSearch
- Medical Calc

NOTE: Individual preceptors may include other resources. You will be notified of these resources by each preceptor. *If your preceptor does not offer additional resources, ask them what resources they like to use.*

ROTATION EVALUATION PROCESS

Rotation assessment grades are based on the Clinical Competency Modules listed below.

A. Rotation and Callback Activities	25%
B. End of Rotation OSCE Exam	25%
C. End of Rotation PAEA Examination	25%
D. Clinical Performance Evaluation	25%

Each Clinical Competency Module comprises 25% of the final course grade and is evaluated on a pass/fail basis.

All grades are determined using a competency-based rubric with defined levels of performance: Novice, Advanced Beginner, Competent, and Proficient. Refer to Canvas for detailed rubric criteria.

A pass (25%) is defined as completing all module components at a level of Competent or above.

Failure to meet the level of Competent or above in any content area will result in Primary Remediation. If the Primary Remediation outcome meets the Competent level or higher as specified in the rubric, the student will receive a pass.

An unsuccessful Primary Remediation will result in a secondary remediation. While the secondary remediation must demonstrate competency, no credit (0%) will be awarded for the module.

If a student is unable to demonstrate competency after the secondary remediation, the student will be subject to SPPC referral, which may result in course failure or dismissal.

Faculty will define and document remediation outcomes within Canvas.

Given the unique structure of the clinical year, remediation for the identified deficiency may take place **within 24 hours**.

For further details on course remediation, please refer to the *PLNU PA Program Student Handbook* and the *PLNU Clinical Manual*.

A. Rotation and Callback Activities:

- a. Rotation activities include instructional and assessment activities.
(Refer to Canvas for further details of the specific rotation activities)

- b. Callback activities include the **Transition to Practice (TTP)/Capstone** curriculum and **Grand Rounds**.
(Refer to Canvas for specific details, schedules, and requirements)

Professionalism Expectation:

Incomplete or missed assignments and/or failure to attend Callback activities are considered a professionalism concern and will trigger a Professionalism Violation as outlined in the PLNU PA Student Handbook.

Failure to meet professionalism standards initiates the following 4-step process (Handbook, p. 24):

1. Verbal warning (documented)
2. Written warning (referred to SPPC and documented)
3. Final written warning and SPPC appearance
4. Dismissal from the program

B. End of Rotation OSCE:

This performance-based test is used to objectively measure the student's clinical competence. During the OSCE, students will be observed and evaluated as they address a clinical issue or skill relevant to the student's completed rotation.

C. End of Rotation Examination:

This comprehensive written assessment is used to determine if the student has obtained the medical knowledge consistent with the instructional objectives.

D. Clinical Performance:

This pass/fail assessment reflects and integrates the students' performance at the clinical site through multiple forms of communication and data gathering, including but not limited to the Preceptor Evaluation Form, Faculty Communication with the Clinical Site, Student Progress and Feedback, and the Mid Rotation Preceptor Evaluation Form:

- The clinical year is divided into three grading blocks: **Block A (Rotations 1-3), Block B (Rotations 4-6), and Block C (Rotations 7-9)**. Student performance will be assessed using a competency-based rubric specific to each block with defined levels of performance: Novice, Advanced Beginner, Competent, and Proficient.

Grading Progression:

The expectations for clinical performance on the **preceptor evaluation** will increase across Blocks A, B and C to reflect the student's growth in knowledge, skills, and professionalism.

Pass/Fail Requirements: As defined below, students must achieve a >70% Competent for each rotation in Block A, >85% Competent in each rotation for Block B, and 100% Competent in each rotation for Block C to successfully complete the clinical year.

A "Novice" level in any category, in any rotation, will result in failure of the clinical evaluation and referral to SPPC. The grading progression for each block is reflected below:

Block A (Rotation 1-3)	70% of all preceptor evaluation components must be at the Competent level or higher.
Block B (Rotation 4-6)	85% of all preceptor evaluation components must be at the Competent level or higher.
Block C (Rotation 7-9)	100% of all preceptor evaluation components must be at the Competent or higher level.

- **Faculty Communication with Clinical Site:** Faculty engage in ongoing dialogue with the clinical site, including the preceptor, to gather qualitative and contextual insights about the student's performance.
- **Student Progress and Feedback:** Discussions with the student about their clinical experiences and any relevant documentation provided to the faculty.
- **Mid Rotation Preceptor Evaluation Form:** Students must complete a Mid-Rotation Preceptor Evaluation with the preceptor most familiar with their performance to receive constructive, actionable feedback, identify areas for improvement, and make necessary adjustments before the End-of-Rotation Evaluation. *Refer to the Canvas Course for specific details.*

Student Evaluation/Tasks

The following Student Evaluation Tasks are mandatory and will be graded on a complete/incomplete basis.

This task is to be completed on Canvas within 3 days of the start of the rotation.

- Safety Check-in #1

These tasks are completed on Exxat:

- Electronic entries of timesheets
- Electronic entries of patient encounters
- Course surveys, including but not limited to:
 - Safety check-in #2
 - Mid-rotation Reflection
 - Mid-rotation Preceptor Evaluation
 - Student evaluation of site and preceptor.

Failure to submit these tasks by the specified deadlines is considered a professionalism concern and will trigger a Professionalism Violation as outlined in the PLNU PA Student Handbook. For further details, schedules, and specific requirements, refer to the Canvas course materials.

Faculty retain the authority to issue a failing grade for the rotation if the student:

- Demonstrates “novice” evaluation for professionalism
- Has excessive excused absences or unexcused absences from the rotation site

Exceptions or extensions will only be granted under documented extenuating circumstances and at the sole discretion of the faculty. *Refer to the PLNU Clinical Manual for specific details.*

Final Course Grade

The Final Course Grade will be in keeping with Point Loma Nazarene University policy for graduate programs and grading will be as follows:

A = 93-100	C =73-76
A-= 92-90	C-=70-72
B+= 87-89	D+=67-69
B = 83-86	D= 63-66
B-= 80-82	D-=60-62
C+=77-79	F= 0-59

PLNU COPYRIGHT POLICY

Point Loma Nazarene University, as a non-profit educational institution, is entitled by law to use materials protected by the US Copyright Act for classroom education. Any use of those materials outside the class may violate the law.

PLNU ACADEMIC HONESTY POLICY

Students should demonstrate academic honesty by doing original work and by giving appropriate credit to the ideas of others. Academic dishonesty is the act of presenting information, ideas, and/or concepts as one’s own when in reality they are the results of another person’s creativity and effort. A faculty member who believes a situation involving academic dishonesty has been detected may assign a failing grade for that assignment or examination, or, depending on the seriousness of the offense, for the course. For all student appeals, faculty and students should follow the procedures outlined in the University Catalog. See [Graduate Academic and General Policies](#) for definitions of kinds of academic dishonesty and for further policy information.

ARTIFICIAL INTELLIGENCE (AI) POLICY

You are allowed to use Artificial Intelligence (AI) tools (e.g., ChatGPT, Gemini Pro 1.5, Grammarly, Perplexity, etc.) in this course. Any work that utilizes AI-based tools must be clearly identified as such, including the specific tool(s) used. Please use the following sources to guide your citations when using AI.

[MLA Style Center: Citing Generative AI](#)

[APA Style: How To Cite ChatGPT](#)

[Chicago Manual of Style: Citing Content Developed or Generated by AI](#)

PLNU ACADEMIC ACCOMMODATIONS POLICY

PLNU ACADEMIC ACCOMMODATIONS POLICY PLNU is committed to providing equal opportunity for participation in all its programs, services, and activities in accordance with the Americans with Disabilities Act (ADA). Students with disabilities may request course-related accommodations by contacting the Educational Access Center (EAC), located in the Bond Academic Center and satellite offices at Balboa and Mission Valley Campuses (EAC@pointloma.edu or 619-849-2533). Once a student's eligibility for an accommodation has been determined, the EAC will work with the student to create an Accommodation Plan (AP) that outlines allowed accommodations. Professors are able to view a student's approved accommodations through Accommodate on the Onelogin page. PLNU highly recommends that students speak with their professors during the first two weeks of each semester/term about the implementation of their AP in that particular course.

Accommodations are not retroactive so clarifying with the professor at the outset is one of the best ways to promote positive academic outcomes. Students who need accommodations for a disability should contact the EAC as early as possible (i.e., ideally before the beginning of the semester) to assure appropriate accommodations can be provided. It is the student's responsibility to make the first contact with the EAC. Students cannot assume that because they had accommodations in the past, their eligibility at PLNU is automatic. All determinations at PLNU must go through the EAC process. This is to protect the privacy of students with disabilities who may not want to disclose this information and are not asking for any accommodations.

STUDENTS WITH ACCOMMODATIONS AND CLINICAL ROTATIONS

Students enrolled in the Physician Assistant (PA) program who are also registered with the Educational Access Center (EAC) for a prior disability diagnosis, and who require accommodations for clinical rotations, must submit their requests in writing no later than 6 months prior to the start of the clinical year. This advance notice is necessary due to the complex nature of clinical rotation placements, which involve coordination with external entities, adherence to program standards, and compliance with patient safety protocols. If your request is less than 6 months in advance, appropriate placement is not guaranteed, so you may need to extend your time in the program. If you become disabled during your PA program, cases will be evaluated on an individual basis.

Requests for accommodations must first go through the EAC process to secure appropriate documentation from a qualified professional provider detailing the specific accommodations recommended. The EAC meets with the student and determines which accommodation(s) apply to the PA program. The program reserves the right to review each request with the EAC on its individual merits to ensure that the requested accommodations do not create a fundamental alteration in the nature of the clinical curriculum or compromise patient safety, per the Americans with Disabilities Act (ADA).

Students are advised that accommodations may not be guaranteed at external clinical rotation sites, as these sites operate independently and may have their own policies regarding accommodations. The PA program, with assistance from EAC, will attempt to find an appropriate placement. The advanced notice of 6 months allows our placement staff to explore options that match accommodation requirements. Failure to submit accommodation requests within the specified timeframe, or to communicate with rotation sites regarding accommodations in a timely manner, may result in the inability to implement accommodations for the clinical rotation period, as the program cannot guarantee the feasibility of last-minute adjustments to clinical schedules or placements.

PLNU ATTENDANCE AND PARTICIPATION POLICY

Regular and punctual attendance at all class sessions is considered essential to optimum academic achievement. Therefore, regular attendance and participation in each course are minimal requirements.

If the student is absent for more than 10 percent of class sessions, the faculty member will issue a written warning of de-enrollment. If the absences exceed 20 percent, the student may be de-enrolled without notice until the university withdrawal date or, after that date, receive an “F” grade.

Students who anticipate being absent for an entire week of a course should contact the instructor in advance for approval and make arrangements to complete the required coursework and/or alternative assignments assigned at the discretion of the instructor. Acceptance of late work is at the discretion of the instructor and does not waive attendance requirements.

Refer to [Academic Policies](#) for additional detail.

Please note that PA Department attendance policy supercedes the University attendance policy.

LANGUAGE AND BELONGING

Point Loma Nazarene University faculty are committed to helping create a safe and hospitable learning environment for all students. As Christian scholars we are keenly aware of the power of language and believe in treating others with dignity. As such, it is important that our language be equitable, inclusive, and prejudice free. Inclusive/Bias-free language is the standard outlined by all major academic style guides, including MLA, APA, and Chicago, and it is the expected norm in

university-level work. Good writing and speaking do not use unsubstantiated or irrelevant generalizations about personal qualities such as age, disability, economic class, ethnicity, marital status, parentage, political or religious beliefs, race, gender, sex, or sexual orientation. Inclusive language also avoids using stereotypes or terminology that demeans persons or groups based on age, disability, class, ethnicity, gender, race, language, or national origin. Respectful use of language is particularly important when referring to those outside of the religious and lifestyle commitments of those in the PLNU community. By working toward precision and clarity of language, we mark ourselves as serious and respectful scholars, and we model the Christ-like quality of hospitality. If you (or someone you know) have experienced other forms of discrimination, you can find more information on reporting and resources at www.pointloma.edu/nondiscrimination.

SPIRITUAL CARE AND CHAPLAIN SERVICES

PLNU strives to be a place where you grow as a whole person. To this end, we provide resources for our Graduate and Adult Undergraduate students to encounter God and grow in their Christian faith. We have onsite chaplains at our different campuses who may be available during class break times across the week. At the Balboa campus, we have an onsite chaplain, Rev. Kevin Portillo, who is available during class break times across the week. If you have questions, a desire to meet or share any prayer requests with Rev. Portillo, you may contact him directly at KevinPortillo@pointloma.edu. Rev. Portillo's cell number is 760-594.4957 if you need a more immediate response. If you have questions or a desire to meet or share any prayer requests with our chaplains, you can also find them at the [Chaplain's Page](#) via [myPLNU](#). In addition, the Mission Valley and Balboa campuses have a prayer chapel for use as a space set apart for quiet reflection and prayer.

This syllabus is subject to change. Students are encouraged to check course messages and emails in order to remain current.

Updated: 5/2025
