PLO Data – Curriculum & Instruction, 2025-26

Reporting Note: Curriculum & Instruction (C&I) was a new program in 2023-24. As such there are few candidates and limited historical data to report on the program. The program will grow in the future and offer points of reflection for Program Learning Outcomes. The PLO data source occurs late in the C&I program, thus there was no program data in 2023-24. In 2024-25 and 2025-26 the program added students and an additional year of data to establish baselines. The program also added a new sub-credential in 2025-26 that we believe will help draw candidates into the program. We look forward to C&I’s development as we add future years and the capacity to look longitudinally at its growth.

Learning Outcome: Candidates will articulate research questions connected to an area of focus and justify their significance within the field.

Outcome Measure 1: GED6095 Written Product

Criteria for Success (how do you judge if the students have met your standards):

Candidate average score of (2.0) out of a possible (3.0) points on Criteria 1 Introduction of the GED6095 Final Project Rubric.

Aligned with DQP Learning Areas (circle one or more but not all five):

1. Specialized Knowledge
2. Broad Integrative Knowledge
3. Intellectual Skills/Core Competencies
4. Applied and Collaborative Learning, and
5. Civic and Global Learning

	Average Score on Introduction section of GED6095 Final Project Rubric.

*2025-26 data collected 6/02/26, prior to the conclusion of the summer term.

Conclusions Drawn from Data:

- To protect student identity scores are not reported for groups smaller than 3.
- No preliminary conclusions can be drawn from the data at this point. This program is only three years old and has a small enrollment. As program enrollment grows, we will have better data to draw conclusions upon.

Changes to be Made Based on Data:

None at this point due to small N and little historical data.
