COMMON MARKETING PROGRAM FRAMEWORK

The faculty of the Marketing program at Point Loma Nazarene University embraces the following philosophy.

1. We are Market-Oriented. This means that we seek to understand the changing markets and to build win-win value propositions that serve our customers/constituencies.
2. Because we are Market-Oriented, we strive to practice marketing by the following principles.
 - We believe that the MARKET should shape how we practice Marketing.
 - We believe that Marketing Strategy (how an organization establishes a sustainable competitive advantage) guides Tactics (the product/service value proposition, how it is communicated and how it is executed)
 - We do not want to be myopic...meaning that as the market changes, we must adapt. What worked before may not work in the future.

The Marketing Advisory Board has developed a framework, unique to PLNU Marketing. We call it the UCAM (YOU CAN!). The UCAM is a direct result of the philosophy of marketing above. In the program, students experience and practice being a Marketing Problem Solver.

"We are problem solvers."

This course, and every Marketing course, will give you exposure to and practice with the UCAM.

- U-Uncover customer need/problem
- C-Connect insights to understand customer need/problem
- A-Activate marketing solutions
- M-Measure results

COURSE ASSIGNMENTS

Study Questions and Quizzes (10 pts. each, 100 points total):

Weekly chapter study questions and responses to study questions will be required to ensure you understand the material and vocabulary. Students may use Chat GPT/Open-source AI for first drafts if they choose. **If used, it must be reported, and a copy of the AI-generated answer must be provided.** *The AI-generated work is not sufficient.* You must “own” the work by making revisions that align with the specific questions being asked. Credit will not be given for work that is AI-generated, without your additions aligning with the questions.

In some weeks, a multiple-choice or essay question quiz will be taken in class. The quiz will be closed-book.

In-class and Homework Assignments: Individual assignments will be completed during the semester. Work must be submitted on the required day and time. Students must communicate with the professor PRIOR to any excused or unexcused absence when points are assigned for an assignment or in-class activity. Students are not eligible to earn points unless they are present in class or have an excused absence/faculty approved absence.

Marketing Challenge Process Assessment (Assessment of Stage One and Final Draft, 50 points each and 100 points total):

A faculty assessment of the final draft of the Marketing Challenge Game will be conducted. Work will be reviewed, and directions will be provided by the professor before the submission of the final marketing plan.

Marketing Challenge Game: Final Written Plan & Presentation (150 points for Marketing Plan and 50 points for Presentation):

The Final Project is a Marketing Challenge Game Marketing Plan. This is a group project. Each group will submit a document and give a presentation using a deck (using PowerPoint).

Marketing Challenge Game Peer Review/Participation: (140 points)

Peer-to-peer evaluations will be conducted, and each member will receive an individual score based on the peer-to-peer evaluations of the group. Additionally, the faculty will assess in-class and MCG participation for the final grade.

Mid-term and Final Exam (150 points each; 300 points total).

The exams are a combination of multiple-choice and essay questions consisting of the most important topics covered in the course.

In this case, the non-participating student can only earn up to 70% of the total team marketing plan and presentation grade.
2. If a non-participating student is on a winning MCG team, he/she will not be awarded the extra credit points.

INCOMPLETES AND LATE ASSIGNMENTS

All assignments are to be submitted/turned in by the beginning of the class session when they are due, including assignments posted on Canvas. Assignments turned in late will receive an automatic zero.

FINAL EXAMINATION POLICY

Successful completion of this class requires taking the final examination on its scheduled day. Our class will also hold a potluck on this date, so we will have a small celebration after the exam.

ARTIFICIAL INTELLIGENCE (AI) POLICY

You are allowed to use alternative sources of intelligence (AI) tools (e.g., ChatGPT, iA Writer, Gemini, etc.) in this course for brainstorming and idea generation. You may NOT use AI on exams in this course or cite AI as a source for any research or evidence-based work. Follow the professor's verification process outlined below when using AI to help you find information to include in your marketing efforts:

1. Cross-reference it by searching for the same information on sources like Google or Google Scholar. Find two or more sources that contain the same piece of information.
2. Establish the credibility of each source in step 1. To do so, check who else is citing the source (at least one other) and determine whether the information is current (within the past 12 months).
3. Follow Google's E-EAT guidelines (experience, expertise, authority, and trustworthiness). Provide at least two additional sources that establish the company as an authority on the piece of information based on points 1 and 2 above. Cite both sources using APA 7th edition in-text and reference guidelines.

Any work that utilizes AI-based tools must be clearly cited per APA 7th edition guidelines. Here is an example of proper citation:

OpenAI. (2025). *ChatGPT* (version 3.5) [Large language model]. Retrieved from <https://chat.openai.com/chat>.

Plagiarism is defined as using or taking credit for someone or something else's work without permission or acknowledgment. If you use AI tools to generate work in this course and do not properly cite it then it is considered plagiarism and will be reported to the university as an Academic Integrity violation. In addition to reporting plagiarism to the university, students who use AI to generate work and do not properly cite it, will receive a zero on the assignment submitted.

Students must provide a copy of the AI-generated work along with the proper citation. *The AI-generated work is not sufficient.* You must "own" the work by making revisions that align with the specific assignment objective(s), and it must be clear that your final submission is uniquely your "own" work. Credit will not be given for work that is AI-generated without evidence of your "human touch."

Lastly, you may not copy and paste anything from the textbook used in this course and upload it into an AI tool. That is copyright infringement and will be dealt with as an academic honesty integrity violation.

SPIRITUAL CARE

PLNU strives to be a place where you grow as a whole person. To this end, we provide resources for our Graduate and Accelerated Undergraduate students to encounter God and grow in their Christian faith. We have onsite chaplains at our different campuses who may be available during class break times across the week. If you have questions or a desire to meet or share any prayer requests with our chaplains, you can find them at the Chaplain's Page via myPLNU.

In addition, the Mission Valley and Balboa campuses have a prayer chapel for use as a space set apart for quiet reflection and prayer.

The Center for Student Success supports our Graduate and Professional Studies students throughout their academic journey. We provide student services such as academic advising and planning, resource workshops, and connect students to career services, writing support, tutorial services, and wellness

resources. The Center itself is located on the first floor of the Mission Valley Campus. LANGUAGE AND BELONGING

Point Loma Nazarene University faculty are committed to helping create a safe and hospitable learning environment for all students. As Christian scholars we are keenly aware of the power of language and believe in treating others with dignity. As such, it is important that our language be equitable, inclusive, and prejudice free. Inclusive/Bias-free language is the standard outlined by all major academic style guides, including MLA, APA, and Chicago, and it is the expected norm in university-level work. Good writing and speaking do not use unsubstantiated or irrelevant generalizations about personal qualities such as age, disability, economic class, ethnicity, marital status, parentage, political or religious beliefs, race, gender, sex, or sexual orientation. Inclusive language also avoids using stereotypes or terminology that demeans persons or groups based on age, disability, class, ethnicity, gender, race, language, or national origin. Respectful use of language is particularly important when referring to those outside of the religious and lifestyle commitments of those in the PLNU community. By working toward precision and clarity of language, we mark ourselves as serious and respectful scholars, and we model the Christ-like quality of hospitality.

If you (or someone you know) have experienced other forms of discrimination, you can find more information on reporting and resources at www.pointloma.edu/nondiscrimination.

PLNU COPYRIGHT POLICY

Point Loma Nazarene University, as a non-profit educational institution, is entitled by law to use materials protected by the US Copyright Act for classroom education. Any use of those materials outside the class may violate the law.

PLNU RECORDING NOTIFICATION

In order to enhance the learning experience, please be advised that this course may be recorded by the professor for educational purposes, and access to these recordings will be limited to enrolled students and authorized personnel.

Note that all recordings are subject to copyright protection. Any unauthorized distribution or publication of these recordings without written approval from the University (refer to the Dean) is strictly prohibited.

PLNU ACADEMIC HONESTY POLICY

Students should demonstrate academic honesty by doing original work and by giving appropriate credit to the ideas of others. Academic dishonesty is the act of presenting information, ideas, and/or concepts as one's own when they are the results of another person's creativity and effort. A faculty member who believes a situation involving academic dishonesty has been detected may assign a failing grade for that assignment or examination, or, depending on the seriousness of the offense, for the course. Faculty should follow, and students may appeal using the procedure in the university Catalog.

See [Academic Policies](#) for definitions of kinds of academic dishonesty and for further policy information.

PLNU ACADEMIC BEHAVIOR POLICY

Both faculty and students at Point Loma Nazarene University have the right to expect a safe and ordered environment for learning. Students are expected to take the initiative to learn and conduct themselves in a mature and civil manner in the classroom environment. Any student behavior that is disruptive or threatening is a serious affront to Point Loma Nazarene University as a learning community. Students who fail to adhere to these behavioral standards may be subject to disciplinary action, including removal from class or further university sanctions. For a full definition of disruptive behavior, response procedures, and the appeal process, please consult the Academic Behavior Policy in the University Catalog.

PLNU ACADEMIC ACCOMMODATIONS POLICY

PLNU is committed to providing equal opportunity for participation in all its programs, services, and activities in accordance with the Americans with Disabilities Act (ADA). Students with disabilities may request course-related accommodations by contacting the Educational Access Center (EAC), located in the Bond Academic Center on the PL campus, the first floor of the Balboa campus, and the second floor of the Mission Valley campus. For all students, including the Bakersfield campus, virtual appointments are available. You can reach the Educational Access Center (EAC) [by email](#) or phone at 619-849-2533. Students can access both requests for and evidence of disability through the Accommodate link off the main page of [OneLogin](#). Once a student's eligibility for an accommodation has been determined, the EAC will work with the student to create an Accommodation Plan (AP) that outlines approved accommodations. Professors are able to view a student's approved accommodations through [Accommodate](#).

PLNU highly recommends that students speak with their professors during the first two weeks of each semester/term about the implementation of their approved accommodations in that particular course. Accommodations are not retroactive; as such, clarifying with the professor at the outset is one of the best ways to promote positive academic outcomes.

Students who need accommodations for a disability-related need should contact the EAC as early as possible (i.e., ideally before the beginning of the semester) to assure appropriate accommodations can be provided. In accordance with ADA, accommodations cannot constitute a fundamental alteration to course outcomes; therefore, planning ahead is vital in establishing appropriate accommodations for equal access to this course. It is the student's responsibility to make the first contact with the EAC. Students cannot assume that because they had accommodations in the past, their eligibility at PLNU is automatic. All determinations at PLNU must go through the EAC eligibility process. This is to protect the privacy of students with disabilities who may not want to disclose this information and are not asking for any accommodations

PLNU ATTENDANCE AND PARTICIPATION POLICY

Face-to-Face BBA Courses:

Regular and punctual attendance at all class sessions is considered essential to optimum academic achievement. Therefore, regular attendance and participation in each course are minimal requirements. If the student is absent for more than 10 percent of class sessions, the faculty member will issue a written warning of de-enrollment. If the absences exceed 20 percent, the student may be de-enrolled without notice until the university withdrawal date or, after that date, receive an "F" grade. Students who anticipate being absent for an entire week of a course should contact the instructor in advance for approval and make arrangements to complete the required coursework and/or alternative assignments assigned at the discretion of the instructor. Acceptance of late work is at the discretion of the instructor and does not waive attendance requirements.

Refer to [Academic Policies](#) for additional detail.

USE OF TECHNOLOGY

In order to be successful in your course, you'll need to meet the minimum technology and system requirements; please refer to the [Technology and System Requirements](#) information. Additionally, students are required to have headphone speakers, microphone, or webcams compatible with their computer available to use for any online or hybrid classes. Please note that any course with online

proctored exams requires a computer with a camera (tablets are not compatible) to complete exams online.

Problems with technology do not relieve you of the responsibility of participating, turning in your assignments, or completing your class work.

Marketing Plan: The Marketing Challenge Game (MCG) Fall 2026**The Competition:**

Each student will work in a group of 3-4 people to develop a marketing plan for a local organization. A case will be developed to guide the game. The project will be developed in two stages during the semester. This will require out of class meetings as well as inside class checkpoints for accountability. Tell your professor upfront if you have any concerns about your group communication, because this will be critical to academic and professional success. Since we only meet once a week, you will be in contact with your group between classes.

At the end of the semester, your instructor will select a winning team for the Fall 2026 Marketing Challenge Game. At the end of the semester, will provide feedback and grade the work.

The winning team will receive 25 extra credit points and the name of the people on the team will be on Marketing Challenge Winners plaque on display in the Fermanian School of Business.

If a student earns 70 or less on the Peer Review/Participation grade, the student will not earn the extra credit points if her/his team wins. A student earning less than 70 on the Peer Review/Participation grade can only earn 70% of the team grade on the MCG marketing plan and presentation.

The final Marketing Plan will be graded according to the following criteria.

Marketing Plan Grading Criteria: Total 150 points
--

Content represents a <u>comprehensive application</u> of the course material to support the Marketing Plan 50 points
Marketing Plan represents <u>accurate theory application</u> of the course material 50 points
Marketing Plan is an engaging, professional and grammatically/correct document 50 points

Let your Marketing Plan tell the story—make it interesting, visual, and engaging!

THIS IS WHAT YOU WANT TO DO!!! ANSWER:

1. What is the problem, need, opportunity? **Uncover “Where to Play”**
2. What insights from secondary/primary research can be connected to the uncovered problem/need/opportunity that discloses the best way to execute marketing? **Connect understanding to “How to Win”**
3. What is the detailed marketing plan that will solve the problem, meet the customers’ needs and allow you to achieve the SMART Marketing Objective? **“Activate marketing to “Win”**
4. How will you know how you are doing and if your Marketing Plan is working? **Measure results**

The Marketing Plan is broken into two STAGES of work. CREATE A STORY.

1. **Stage One:** Uncover a need/problem/Opportunity AND Connect insights to the market.

Use both secondary and primary research to inform the following:

- What is the customer problem that you want to solve?
- What is the market situation that leads you to believe that there is a need/want/market opportunity?
- Who is the customer? Segments and target market? Key buying criteria. Motivators?
- What product/service/experience/promotion are you proposing?
- What is the business model (how will you make money)?
- What is your marketing strategy that gives you a competitive advantage?

2. **Stage Two:** Activate Solutions and Measure results

- What is your specific marketing mix to implement your strategy?
 - Price tactics
 - Placement tactics
 - Promotion (Marketing Communication) tactics: How are you going to get the word out, create buzz and sell your product, service, and/or experience? What will you say? How will you execute your message? What channels of communication are you going to use?
- Develop examples of your ads, copy, website, etc.
- How will you measure the results? What metrics will you use?

The final marketing plan is one document with the content of each stage presented in ONE coherent form. **The final document should be approximately 20 pages and be visually engaging/interesting.** Bring concepts to life. This is not a boring academic term paper.

Presentation: Groups will be presenting marketing plans to the classroom. The presentations must:

- Be 15 minutes of presentation plus a time of question and answer
- Involve ALL group members
