Assessment and Grading

Grading is on a CR/NC basis. To pass the class, you must attend and participate. Assignments will be evaluated based on competency level and must meet minimum standards to achieve a passing grade (CR). If the submitted assignment is deemed to be below minimum competency level, the student may resubmit the assignment. All assignments must meet minimum standards to receive a CR for the final course grade. You must be engaged, participate in discussion, complete any assigned readings, and be ready to give feedback and support to your classmates.

Several of the requirements from this class along with projects in Clinical Practicum 2 and 3 will be integrated into a ***Clinical Portfolio project*** which will be presented at the end of the program.

1. **Helping Skills Video Presentation.** Students will be required to show one video recording of a session during the term. The video should include a demonstration of the helping skills learned in class. Students will sign up for a day to show their video and talk through the case, typically in the second half of the semester.

2. **Signature Theme Paper.** Students will write a reflection paper on their "Signature Theme," a dominant theme that significantly influences their emotional, relational, and spiritual lives. This paper will include an exploration of how this theme impacts their coping strategies, family history, and potential clinical work. Students will also complete the YSQ assessment, score it, and identify their top three schemas, which will serve as a tool for developing their Signature Theme. Then, note and discuss their top three schemas and how these relate/connect to their signature theme. The paper should be 5-7 pages long, formatted according to APA 7 student guidelines.

3. **Informed Consent.** Students will bring examples from their internship sites regarding their *Informed Consent Form* paperwork that clients fill out before receiving services. Students will revise and develop their own Informed Consent Form and reflect on changes made from their practicum experience. During the last weeks of class, a class discussion will focus on changes to informed consent, along with a self-evaluation of attending skills, self of therapist awareness and signature theme.

4. **Participation**
   Class participation is necessary to demonstrate familiarity with the assignments and the ability to transfer theory into practice, especially during your practicum. The following criteria will be used to evaluate participation.

   Participation in discussions and Practicum
   - Appropriateness of comments
   - Comments useful for clarification or meaningful contribution to the class
   - Willingness to participate in exercises and simulations
   - Sensitivity to participation of others in the class; avoids dominating discussions
5. **Discussion Post and Video reflection (3 total)**
   - Flex Week (Week 1): Getting to Know You Discussion Post
   - Holiday Week (Week 2): Short Video Reflection on Strengths and Resilience
   - Flex Week (Thanksgiving): Recovery Model Discussion Post
6. Practicum Placement Training & Paperwork (6 total) Students will submit training paperwork through Supervision Assist. ***All paperwork must be completed and submitted to receive credit for this course*.**
   - Acknowledgement of Clinical Training Manual
   - PLNU Student Training Agreement
   - BBS Supervision Agreement (per supervisor)
   - BBS Weekly Summary of Experience (1st and 2nd half of term)
   - Supervisor Evaluation
7. **Cherished Belonging Journal Reflections (2 total)**
   - You will complete two journal reflections following prompts based upon assigned chapters. The reflections focus on spiritual and personal reactions in order to further develop access to s

clinical application.

PLNU Spiritual Care

PLNU strives to be a place where you grow as a whole person. To this end, we provide resources for our Graduate and Accelerated Undergraduate students to encounter God and grow in their Christian faith. We have onsite chaplains at our different campuses who may be available during class break times across the week. If you have questions or a desire to meet or share any prayer requests with our chaplains, you can find them at the **Chaplain's Page (https://my.pointloma.edu/pages/chaplains)** in myPLNU.

In addition, the Mission Valley and Balboa campuses have a prayer chapel for use as a space set apart for quiet reflection and prayer.

Student Success

The Center for Student Success supports our Graduate and Professional Studies students throughout their academic journey. We provide student services such as academic advising and planning, resource workshops, and connect students to career services, writing support, tutorial services, and wellness resources. State Authorization

State authorization is a formal determination by a state that Point Loma Nazarene University is approved to conduct activities regulated by that state. In certain states outside California, Point Loma Nazarene University is not authorized to enroll online (distance education) students. If a student moves to another state after admission to the program and/or enrollment in an online course, continuation within the program and/or course will depend on whether Point Loma Nazarene University is authorized to offer distance education courses in that state. It is the student's responsibility to notify the institution of any change in his or her physical location. Refer to the map on **State Authorization (https://www.pointloma.edu/offices/office-institutional-effectiveness-research/disclosures)** to view which states allow distance education outside California.

PLNU Copyright Policy

Point Loma Nazarene University, as a non-profit educational institution, is entitled by law to use materials protected by the US Copyright Act for classroom education. Any use of those materials outside the class may violate the law.

PLNU Recording Notification

In order to enhance the learning experience, please be advised that this course may be recorded by the professor for educational purposes, and access to these recordings will be limited to enrolled students and authorized personnel.

Note that all recordings are subject to copyright protection. Any unauthorized distribution or publication of these recordings without written approval from the University (refer to the Dean) is strictly prohibited.

Please note the **PLNU recording policy (https://drive.google.com/file/d/10qsscyGWUuD-VFY7249ogTQTqg9wXxbk/view)** . Many MACC Online classes require students to record themselves and another person to enhance your learning. At times the recording may be of other MACC Online students, whereby students that complete the assignment implicitly consent to the recording. If students are recording a community volunteer, the student must ask the volunteer for permission to record before recording. Once the recording begins the volunteer must be recorded giving their consent. For example, the volunteer would say, “I (name) give my consent to be recorded for educational purposes.” When MACC Online students are asked to record clients in their practicum setting, additional policies apply. These will be discussed in detail in classes that require this.

PLNU Academic Honesty Policy

Students should demonstrate academic honesty by doing original work and by giving appropriate credit to the ideas of others. Academic dishonesty is the act of presenting information, ideas, and/or concepts as one’s own when, in reality, they are the results of another person’s creativity and effort. A faculty member who believes a situation involving academic dishonesty has been detected may assign a failing grade for that assignment or examination or, depending on the seriousness of the offense, for the course.

For all student appeals, faculty and students should follow the procedures outlined in the University Catalog. See **Graduate Academic and General Policies (https://pointloma-public.courseleaf.com/grad-catalog/academic-general-policies/#text)** for definitions of kinds of academic dishonesty and for further policy information.

During the first week of class, you will be asked to submit an Academic Honesty Verification Statement. Submitting the statement is a requirement of this course. By submitting the Academic Honesty Verification Statement, you will be verifying all assignments completed in this course were completed by you. Carefully review the Academic Honesty Statement below.

Statement: “In submitting this form, I am verifying all the assignments in this course will be completed by me and will be my own work.”

PLNU Academic Behavior Policy

Both faculty and students at Point Loma Nazarene University have the right to expect a safe and ordered environment for learning. Students are expected to take the initiative to learn and conduct themselves in a mature and civil manner in the classroom environment. Any student behavior that is disruptive or threatening is a serious affront to Point Loma Nazarene University as a learning community. Students who fail to adhere to these behavioral standards may be subject to disciplinary action, including removal from class or further university sanctions. For a full definition of disruptive behavior, response procedures, and the appeal process, please consult the **Academic Behavior Policy (https://pointloma-public.courseleaf.com/grad-catalog/academic-general-policies/#academicbehavior)** in the **University Catalog (https://pointloma-public.courseleaf.com/grad-catalog)** .

Artificial Intelligence (AI) Policy

AI Use Policy: Limited

The MACC Online program believes that your ability to think critically on your own is essential to your capacity to work with clients independently and/or in situations where AI will not be available to you (e.g., in session, during crisis). The purpose of assignments is not just to help you to learn information, but to develop your ability to generate and evaluate ideas and courses of actions. This process is the bedrock of developing clinical judgment.

Under limited circumstances, you may be allowed to use Artificial Intelligence (AI) tools (e.g., ChatGPT, Gemini Pro, GrammarlyGo, Perplexity, etc.). AI should only be used as a supplement or quick reference, not as a replacement for completing assignments. We recommend that you use AI as you would for general searches where you would like a quick reference to answer the question, “What?” (e.g., what is the name of the intervention where you….). If you need to answer the question, “How?” (e.g., how should this diagnosis be treated), it is better for your to generate your own thoughts. It is ok if it is not perfect. It is better to receive formative feedback so that you can develop the skills necessary of an independently practicing clinician. **Do not use AI to generate drafts of your assignments or to revise your writing at any stage of the writing process. In addition, for confidentiality purposes do not upload client information (even if it is de-identified) into AI.** If you are permitted or encouraged to use AI, I will specify in individual assignments what constitutes appropriate use of AI for that assignment. When using AI, you must cite it appropriately (see **Purdue OWL (https://owl.purdue.edu/owl/research_and_citation/apa_style/apa_formatting_and_style_guide/index.html)** for guidance on APA citation of AI). If you are unsure if it is appropriate to use AI, please contact me to clarify.

PLNU Academic Accommodations Policy

PLNU is committed to providing equal opportunity for participation in all its programs, services, and activities in accordance with the Americans with Disabilities Act (ADA). Students with disabilities may request course-related accommodations by contacting the Educational Access Center (EAC), located in the Bond Academic Center on the PL campus, the first floor of the Balboa campus, and the second floor of the Mission Valley campus. For all students, including the Bakersfield campus, virtual appointments are available. You can reach the Educational Access Center (EAC) **by email (mailto:EAC@pointloma.edu)** or phone at 619-849-2533. Students can access both requests for and evidence of disability through the Accommodate link off the main page of **OneLogin (https://pointloma.onelogin.com/portal)**. Once a student's eligibility for an accommodation has been determined, the EAC will work with the student to create an Accommodation Plan (AP) that outlines approved accommodations. Professors are able to view a student's approved accommodations through **Accommodate (https://pointloma-accommodate.symplicity.com/)**.

PLNU highly recommends that students speak with their professors during the first two weeks of each semester/term about the implementation of their approved accommodations in that particular course. Accommodations are not retroactive; as such, clarifying with the professor at the outset is one of the best ways to promote positive academic outcomes.

Students who need accommodations for a disability-related need should contact the EAC as early as possible (i.e., ideally before the beginning of the semester) to assure appropriate accommodations can be provided. In accordance with ADA, accommodations cannot constitute a fundamental alteration to course outcomes; therefore, planning ahead is vital in establishing appropriate accommodations for equal access to this course. It is the student's responsibility to make the first contact with the EAC. Students cannot assume that because they had accommodations in the past, their eligibility at PLNU is automatic. All determinations at PLNU must go through the EAC eligibility process. This is to protect the privacy of students with disabilities who may not want to disclose this information and are not asking for any accommodations.

Language and Belonging

Point Loma Nazarene University faculty are committed to helping create a safe and hospitable learning environment for all students. As Christian scholars we are keenly aware of the power of language and believe in treating others with dignity. As such, it is important that our language be equitable, inclusive, and prejudice free. Inclusive/Bias-free language is the standard outlined by all major academic style guides, including MLA, APA, and Chicago, and it is the expected norm in university-level work. Good writing and speaking do not use unsubstantiated or irrelevant generalizations about personal qualities such as age, disability, economic class, ethnicity, marital status, parentage, political or religious beliefs, race, gender, sex, or sexual orientation. Inclusive language also avoids using stereotypes or terminology that demeans persons or groups based on age, disability, class, ethnicity, gender, race, language, or national origin. Respectful use of language is particularly important when referring to those outside the

religious and lifestyle commitments of those in the PLNU community. By working toward precision and clarity of language, we mark ourselves as serious and respectful scholars, and we model the Christ-like quality of hospitality.

If you (or someone you know) have experienced other forms of discrimination, you can find more information on reporting and resources at **PLNU's Nondiscrimination webpage (http://www.pointloma.edu/nondiscrimination)** .

Sexual Misconduct and Discrimination

In support of a safe learning environment, if you (or someone you know) have experienced any form of sexual discrimination or misconduct, including sexual assault, dating or domestic violence, or stalking, know that accommodations and resources are available through the **Title IX Office (https://www.pointloma.edu/title-ix)** . Please be aware that under Title IX of the Education Amendments of 1972, faculty and staff are required to disclose information about such misconduct to the **Title IX Office (https://www.pointloma.edu/title-ix)** .

If you wish to speak to a confidential employee who does not have this reporting responsibility, you can contact **Counseling Services (mailto:counselingservices@pointloma.edu)** or **consult the list of campus pastors (https://www.pointloma.edu/title-ix/get-help-now)** .

If you (or someone you know) has experienced other forms of discrimination or bias, you can find more information on reporting and resources via the **Nondiscrimination and Anti-harassment Policy (http://www.pointloma.edu/nondiscrimination)** .

Course Modality Definitions

1. Online Courses: These are courses with class meetings where all instruction and interaction are fully online.
    1. Synchronous Courses: At least one class meeting takes place at a designated time.
    2. Asynchronous Courses: All class meetings are asynchronous.
2. Hybrid Courses: These are courses with class meetings that take place both in the classroom and online synchronously and/or asynchronously.
3. In-Person Courses: These are courses that meet in person with the instructor and students in a physical classroom setting. With approval by the area dean, this may include up to 25% of qualified class interactions through a Learning Management System (such as Canvas).

PLNU Attendance and Participation Policy

Regular and punctual attendance at all class sessions is considered essential to optimum academic achievement. Therefore, regular attendance and participation in each course are minimal requirements.

PLNU Policy: If the student is absent for more than 10 percent of class sessions, the faculty member will issue a written warning of de-enrollment. If the absences exceed 20 percent (equivalent to two (2) classes in the MACC program), the student may be de-enrolled without notice until the university withdrawal date or, after that date, receive an “F” grade.

Note: If a student incurs a third absence, they may petition the faculty to remain enrolled in class. The faculty will provide a make-up assignment proportionate in length and difficulty to the class missed. This third absence may also result in a referral to the Student Development Committee.

In addition to the university policy, 10% of your course grade will reflect your attendance. Coming to class is mandatory and expected. For semester-long classes, as extenuating circumstances may happen that prevent you from attending class, a student may incur one absence without losing points. Each subsequent absence will drop this portion of the grade by 5% of the total course points (up to 10%). **For quad-length classes, a student may incur one absence without losing points.** A second absence will incur a 10% deduction, and after a third absence the student will be unenrolled from the class. Note: absences are not categorized as excused or unexcused.

Attending class on time is essential to promote a respectful and professional learning environment. Arriving to class more than 15 minutes late is counted as a tardy. Two tardies count as one absence. Arriving 30 minutes or more late to a class, or leaving 30 minutes or more early from a class will be considered an absence.

Students taking asynchronous courses with no specific scheduled meeting times are expected to actively engage throughout each week of the course. Attendance is defined as participating in an academic activity within the online classroom which includes, but is not limited to:

- Engaging in an online discussion
- Submitting an assignment
- Taking an exam
- Participating in online labs
- Initiating contact with faculty member within the learning management system to discuss course content

Note: Logging into the course does not qualify as participation and will not be counted as meeting the attendance requirement.

Students who anticipate being absent for an entire week of a course should contact the instructor in advance for approval and make arrangements to complete the required coursework and/or alternative assignments assigned at the discretion of the instructor. Acceptance of late work is at the discretion of the instructor and does not waive attendance requirements.

Students may be warned if a student demonstrates a lack of academic activity. After a warning, students who miss more than one week of academic activity without prior approval and arrangements with the instructor may be de-enrolled or withdrawn from the course. If the date of de-enrollment is past the last date to withdraw from a course, the student will be assigned a letter grade of "F" or "NC." There are no refunds for courses where a de-enrollment was processed after the last date to withdraw from a course.

Refer to **Academic Policies (https://pointloma-public.courseleaf.com/aug-catalog/academic-general-policies/)** for additional details.

Synchronous Attendance/Participation Definition

For synchronous courses that have specific scheduled meeting times (including in-person, hybrid, and synchronous online courses), absences are counted from the first official meeting of the class regardless of the date of the student's enrollment. For courses with specific attendance requirements, those requirements are outlined in the course syllabus.

Note: For synchronous courses with an online asynchronous week, refer to the Online Asynchronous Class Attendance policy listed below.

Online Asynchronous Attendance/Participation Definition

Students taking online courses with no specific scheduled meeting times are expected to actively engage throughout each week of the course. Attendance is defined as participating in an academic activity within the online classroom which includes, but is not limited to:

- Engaging in an online discussion
- Submitting an assignment
- Taking an exam
- Participating in online labs
- Initiating contact with faculty member within the learning management system to discuss course content

Note: Logging into the course does not qualify as participation and will not be counted as meeting the attendance requirement.

Professionalism

Student professionalism will be assessed in each course, constituting 10% of the total course grade. Professionalism indicators include class participation, interactions with peers and instructors, and self-awareness. The full rubric can be found here: **PLNU MACC Online Professionalism Rubric (https://docs.google.com/document/d/1Egol6_hwmZkU32agM89VL9kz6j3iNEwdarCKjM6d9mU/edit?tab=t.0)**

Late Policy

Assignments submitted up to 24 hours past the due date will be deducted 25% of the grade. Assignments submitted up to 48 hours past the due date will be deducted 50% of the grade. Any assignment turned in after 48 hours past the due date will receive no credit. Students are encouraged to alert the professor if an assignment is anticipated to be late. Professors can extend these late penalties if arrangements are made in advance.

Use of Technology

MACC is committed to a distraction-free learning environment. Aside from the computer students are using to attend class, other devices (phones, tablets, etc.) should *remain stored* throughout class time unless directed otherwise by the instructor. Phones, laptops, iPads/tablets, and other personal devices are not permitted to be passively used during lectures, discussions, or any other activity unless expressly communicated by the instructor.

In order to be successful in the online or hybrid environment, you'll need to meet the minimum technology and system requirements; please refer to the ***Technology and System Requirements*** **(https://help.pointloma.edu/TDClient/1808/Portal/KB/ArticleDet?ID=108349)** information. Additionally, students are required to have headphone speakers, microphone, or webcams compatible with their computer available to use. Please note that any course with online proctored exams requires a computer with a camera (tablets are not compatible nor allowable) to complete exams online.

Problems with technology do not relieve you of the responsibility of participating, turning in your assignments, or completing your class work.
