**COURSE DESCRIPTION:**

Course for students interested in the health professions of medicine, dentistry, optometry, pharmacy, and veterinary medicine. This course will introduce students to the various health professions and provide biblical and historical perspectives on healthcare and healing. This course will provide time for reflection to determine if the health professions are the right career or vocational path and practical application process guidelines and medical skills.

**COURSE LEARNING OUTCOMES:**

Upon completion of this course, students will be able to:

1. identify and classify the biblical, historical, and philosophical nature of medicine, dentistry, optometry, pharmacy, veterinary medicine, and public health.
2. illustrate what it means to be a doctor, dentist, optometrist, pharmacist, veterinarian, or in public health.
3. describe the application and admissions processes.
4. perform some basic, practical, medical skills.
5. explain and evaluate their reasons for considering their potential vocation or career path.

**EVALUATION:**

This course is graded on a Credit/No Credit basis. Students are expected to fully participate in class activities and discussions, response to reflection questions about reading and class sessions, and writing assignments in order to pass the class. Note there are three ways to fail: lack of class attendance/participation, lack of reading/reflection questions, or lack of writing assignments.

**ADMINISTRATION:**

Attendance and Participation: Regular and punctual attendance at all classes is considered essential to optimum academic achievement. If the student is absent from more than 10 percent of class meetings, the faculty member can file a written report which may result in de-enrollment. If the absences exceed 20 percent, the student may be de-enrolled without notice until the university drop date or, after that date, receive the appropriate grade for their work and participation. See [Academic Policies](#) in the Undergraduate Academic Catalog. In the event of an absence, you are responsible for all the material covered and assignments given in class.

Assignments: Assignments including reading, reflection questions from the book, personal statement, and informational interview will be assigned throughout the course and submitted online using Canvas (<https://canvas.pointloma.edu>). Late assignments will not be accepted.

Academic Accommodations Policy: If you have a diagnosed disability, please contact PLNU's Disability Resource Center (DRC) within the first two weeks of class to demonstrate need and to register for accommodation by phone at 619-849-2486 or by e-mail at [DRC@pointloma.edu](mailto:DRC@pointloma.edu). See [Disability Resource Center](#) for additional information.

Academic Honesty Policy: Students should demonstrate academic honesty by doing original work and by giving appropriate credit to the ideas of others. Academic dishonesty is the act of presenting information, ideas, and/or concepts as one's own when in reality they are the results of another person's creativity and effort. A faculty member who believes a situation involving academic dishonesty has been detected may assign a failing grade for that assignment or examination, or, depending on the seriousness of the offense, for the course. Faculty should follow and students may appeal using the procedure in the university Catalog. See [Academic Policies](#) for definitions of kinds of academic dishonesty and for further policy information.

Final Examination Policy: Successful completion of this class requires taking the final examination **on its scheduled day**. The final examination schedule is posted on the [Class Schedules](#) site. No requests for early examinations or alternative days will be approved.

PLNU Copyright Policy: Point Loma Nazarene University, as a non-profit educational institution, is entitled by law to use materials protected by the US Copyright Act for classroom education. Any use of those materials outside the class may violate the law.

PLNU Mission: Point Loma Nazarene University exists to provide higher education in a vital Christian community where minds are engaged and challenged, character is modeled and formed, and service becomes an expression of faith. Being of Wesleyan heritage, we aspire to be a learning community where grace is foundational, truth is pursued, and holiness is a way of life.
