Managerial & Organizational Communication		Students will develop a sophisticated understanding of communication as the negotiation of meaning.	Students will display communication competence both verbally and nonverbally in interpersonal, small group, organizational, and intercultural contexts.	Formulate a thesis, organize a complex idea, support it with appropriate evidence with proper grammar and punctuation.	Demonstrate an ability to present themselves in a professional manner including resume, interview skills and presentations	Students will demonstrate an understanding and ability to work collaboratively in a group.	Analyze and conduct original communication research (quantitative and qualitative) using scholarly journals, data bases, and collecting and analyzing empirical data.	Demonstrate an understanding of basic theoretical concepts relative to organizational behavior including scientific management, systems theory, and organizational culture.	Students will integrate a Christian perspective of values and ethics in their communication in interpersonal, small group, organizational and intercultural contexts.	Develop an awareness of multiple approaches to leadership and develop a personal leadership philosophy.
