

SP19 Assessment Data Department of Music – General Education, Intro to Music (MUH100)

GE Learning Outcome

2.b. Arts Appreciation--Understand and appreciate diverse forms of artistic expression.

MUH100 Course Learning Outcomes

- Students will be able to evaluate and articulate personal experiences through attending live concerts.
- Students will be able to recognize and describe basic music concepts (such as form, harmony, melody, and rhythm) using correct terminology.
- Students will be able to demonstrate an understanding of historical/cultural perspectives about the music.

Outcome Measure

Final Concert Report assigned in all sections of MUH100. Although the various sections are taught differently each section agrees to add the CLO's listed above and to measure these CLO's in the same way. A random selection from our six sections were scored against the common rubric in order to generate the longitudinal data. The papers are scored against the rubric by the professor after they have been graded.

Criteria for Success

75% of students will score at least a 2 on all three sections of the final paper.

Conclusions Drawn from Data

MUH100 is an introduction to Western Art Music course that is taught by six instructors who all approach the course differently. Two years ago, we adopted a shared set of LO's and agreed to assess these LO's with a common paper. Our work highlighted that we do not have a shared vision for what we want to accomplish in the various sections of this course, that student experience with the course varies widely and that student satisfaction is uneven.

We appear to be hitting our mark of "75% of students achieving at least a 2 on all sections of the paper" only in our first category, and in this category, perhaps too easily. The third category requires the use of technical language in order to explain musical experience and is the most difficult for the students. Our instructors have worked on this area and our scores have improved. We provided some help for the instructor who struggled with the rubrics last semester and his scores improved as well. We had one instructor this year who decided to not use the final paper and did not assess his students.
