

Assessment Data Languages Outcome #2c

Learning Outcome:

GELO 2c: Students will demonstrate an understanding of the complex issues faced by diverse groups in global and/or cross-cultural contexts.

Outcome Measure:

FRL 102 Signature Assignment (each spring)

Writing Prompt

Based your experiences with cultural readings, presentations or attendance to cultural events, discuss your understanding of some of the differences in ideas, experiences, customs, habits and culture of the diverse groups studied.

Criteria for Success :

80% of the students completing the Foreign Language sequence will reach milestone 2 or higher as directed in the rubric(on a scale of 1-4 with 1 being low).

Longitudinal Data:

	Percentage of Class at 2 or Higher			
	2015	2016	2017	2018
Complex Issues of Diverse Groups	97%			

Conclusions Drawn from Data:

We gave the writing prompt as part of the Final exam. Students may have been to fatigued and anxious to finish to be as reflective as they needed to be for the assignment.

Changes to be Made Based on Data:

In the future we will give it as an assignment outside of class, and include it as part of cultural requirement. Students will have time to reflect more deeply while they are already thinking about cultural contexts and issues. We will also review the rubric and perhaps add .5 to the measure.
