90% of candidates will receive a rating of “strong” on a rating scale that includes “weak”, “adequate” and “strong”.

Aligned with DQP Learning Areas (circle one or more):

1. Specialized Knowledge
2. Broad Integrative Knowledge
3. Intellectual Skills/Core Competencies
4. Applied and Collaborative Learning, and
5. Civic and Global Learning

Longitudinal Data:

	Target: 90% of students will be rated as “strong” or “exceptional” in their understanding and appreciation of diverse forms of artistic expression			
	2015	2016		
Outcome 2b. Students will understand and appreciate diverse forms of artistic expression.	100%	95%		

Conclusions Drawn from Data:

Target is met. Host teachers reported that 95% of their fieldwork candidates showed “strong” or “exceptional” understanding and appreciation for the variety of ways their students express themselves artistically.

Changes to be Made Based on Data:

We will continue to emphasize the areas upon which our candidates will be assessed by their host teachers, which includes not only curricular and academic content but appreciation for diversity and artistic expression. In order to assure that the host teachers report on our students thoughtfully, we have begun the practice of visiting the host sites to explain the assessment measure and the meaning of each criterion, and will continue this practice. We also explain to our candidates how they will be assessed at their fieldwork site.
