

## ISEE (ADC) GELO Assessment Data

### ISEE GE Learning Outcome:

**Outcome 1c. Information Literacy:** Students will be able to access and cite information as well as evaluate the logic, validity, and relevance of information from a variety of sources.

### Outcome Measure:

EDU410 Signature Assessment (each year)

### Criteria for Success (if applicable):

Average score for the group is 3.0 or higher (on a scale of 1-4 with 1 being low).

### Aligned with DQP Learning Areas (circle one or more):

1. Specialized Knowledge
2. Broad Integrative Knowledge
3. Intellectual Skills/Core Competencies
4. Applied and Collaborative Learning, and
5. Civic and Global Learning

### Longitudinal Data:

	Target: Average Score for the Group is 3.0 or higher				
	2015-16	2016-17	2017-18	Jan 2019	Jun 2019*
Outcome 1c: Information Literacy	3.95	3.32	3.58	3.59	3.58

### Conclusions Drawn from Data:

Target is met. We attribute consistent scores to our course sequence which calls for this course to follow the foundational courses in our program, EDU302, 404 and 306. Consistently high scores on this indicator suggest candidates are well prepared to access and consume sources of information.

### Changes to be Made Based on Data:

In order to guard against score inflation, we will continue active calibration among all full-time and adjunct faculty who score these assessments across both regional centers. These results and their continued importance for our students will be shared in faculty meetings and in bulletins with faculty members to reinforce the importance of focusing on digital literacy and its role in matching student need and teaching pedagogy.
