University Mission Statement: *Point Loma Nazarene University exists to provide higher education in a vital Christian community where minds are engaged and challenged, character is modeled and formed, and service becomes an expression of faith. Being of Wesleyan heritage, we aspire to be a learning community where grace is foundational, truth is pursued, and holiness is a way of life.*

Course Description:

This course is designed as an introduction to psychopathology and the study of abnormal psychology. Topics of exploration include the assessment, classification, etiology, and treatment of the major psychological disorders.

Catalog Description:

Study of etiology, assessment, diagnosis, and treatment of various forms of abnormal behavior from various psychological perspectives.

Student Learning Outcomes:

1. Analyze several case studies and accurately define the key diagnostic features of relevant psychological disorders as listed in the Diagnostic and Statistical Manual of Mental Disorders (DSM-5).
2. Outline the possible causes of mental disorders from different psychological paradigms including but not limited to psychodynamic, behavioral, cognitive, humanistic/existential, and biological perspectives.
3. Identify the various empirically supported therapeutic treatments for different psychological disorders.
4. Formulate an opinion regarding the value of diagnosing mental illnesses when taking into consideration the benefits, limitations, critiques, and implications of diagnosis and classification.

Course Policies:

1. Attendance: Students may choose to miss a total of 3 classes for any reason throughout the semester. However, students risk being de-enrolled in the event that they miss 4 classes or more (i.e., if absences exceed 20 percent of class meetings).
2. Exams and Quizzes: There will be no make-ups for any exam or quiz without prior permission from the instructor.
3. Papers: All papers are to be computer generated, 10-12 font, double or single spaced, referenced using APA style.

Final Examination Policy:

Successful completion of this class requires taking the final examination on its scheduled day. The [Final Exam Schedule](#) is available online.

Attendance and Participation Policy:

Regular and punctual attendance at all classes is considered essential to optimum academic achievement. If the student is absent for more than 10 percent of class meetings, the faculty member can file a written report which may result in de-enrollment. If the absences exceed 20 percent, the student may be de-enrolled without notice until the university drop date or, after that date, receive the appropriate grade for their work and participation. A complete description of the [Academic Policies](#) can be found in the Undergraduate Academic Catalog.

Course Credit Hour Information:

Following the [PLNU Credit Hour Policy](#), to meet the identified student learning outcomes of this course, the expectations are that this 3 unit course, delivered over a 15 week semester will approximate 3 hours/week classroom or direct faculty instruction. In addition, out of class student work will approximate a minimum of 6 hours each week. Specific details about how the class meets the credit hour requirement can be provided upon request.

FERPA Policy:

In compliance with federal law, neither your PLNU student ID nor your social security number will be used in publicly posted grades or returned sets of assignments without your written permission. In addition, in compliance with [FERPA policy](#), you will be the only person given information about your progress in this class unless you have designated others to receive it in the “Information Release” section of the student portal.

Academic Honesty Policy:

Students should demonstrate academic honesty by doing original work and by giving appropriate credit to the ideas of others. Academic dishonesty is the act of presenting information, ideas, and/or concepts as one’s own when in reality they are the results of another person’s creativity and effort. A faculty member who believes a situation involving academic dishonesty has been detected may assign a failing grade for that assignment or examination, or, depending on the seriousness of the offense, for the course. Faculty will follow and students may appeal using the procedures in the University Catalog. See the [Academic Policies](#) for definitions of kinds of academic dishonesty and for further policy information.

Copyright Policy:

Point Loma Nazarene University, as a non-profit educational institution, is entitled by law to use materials protected by US Copyright Act for classroom education. Any use of those materials outside of the class may violate the law. More information on the [PLNU Copyright Policy](#) can be found online.

Use of Library:

This course may require students to complete course assignments using resources available from the University Libraries. [Research Guides](#) and assistance for this course are available online.

Academic Accommodations:

While all students are expected to meet the minimum standards for completion of this course as established by the instructor, students with disabilities may require academic adjustments, modifications, or auxiliary aids/services. At Point Loma Nazarene University (PLNU), these students are requested to register with the [Disability Resource Center \(DRC\)](#), located in the Bond Academic Center (DRC@pointloma.edu or 619-849-2381). The DRC's policies and procedures for assisting such students in the development of an appropriate academic adjustment plan (AP) allows PLNU to comply with Section 504 of the Rehabilitation Act and the Americans with Disabilities Act. Section 504(a) prohibits discrimination against students with special needs and guarantees all qualified students equal access to and benefits of PLNU programs and activities. After the student files the required documentation, the DRC, in conjunction with the student, will develop an AP to meet that student's specific learning needs. The DRC will thereafter email the student's AP to all faculty who teach course in which the student is enrolled each semester. The AP must be implemented in all such courses. If students do not wish to avail themselves of some or all of the elements of their AP in a particular course, it is the responsibility of those students to notify their professor in that course. PLNU highly recommends that DRC students speak with their professors during the first two weeks of each semester about the applicability of their AP in that particular course and/or if they do not desire to take advantage of some or all of the elements of their AP in that course. Students may find additional support through other campus offices as well including the [Office of Spiritual Development](#), the [Tutorial Center](#), and/or the [Wellness Center](#).

Expectations for Psychology 3021 regarding academic integrity in this class:

- Expectations are consistent with those outlined in the academic policy.
- Collaboration is permitted in preparing for examinations.
- Any material (including but not restricted to textbook, other texts, journals, magazines, websites) incorporated into writing assignments (reaction papers, term paper, other non-examination writing assignments) must be properly cited. Plagiarism will not be tolerated.

Consequences for violations of academic integrity in this class:

- Consequences are consistent with those outlined in the academic integrity policy.
- Any type of plagiarism will result in an "F" for the particular assignment in question.
- Cheating during an examination will result in an "F" grade for the particular examination in question.
- The instructor reserves the right to issue a grade of "F" in the class for violations of the Academic Integrity Policy. This includes, but is not limited to: repeated violations of the Academic Integrity Policy, cheating of any sort during examinations and quizzes, turning in assignments not written by the student, among other violations.
