Good morning GESC,

Attached are the materials for B.O. who is applying to the evening MBA program, to begin in SP15. His GPA is between 2.00 and 2.25 and I have the attached policy for the MBA program.

As an FYI, we had a conversation in GESC concerning using modules instead of the Business Basics course for MBA applicants needing this element since the MBA deleted this course. If Bryan is approved by GESC, Jamie would then work with him to ensure he meets the further criteria regarding the modules. Jamie has submitted a revised MBA petition policy which will be on the agenda in January.

Is GESC OK to consider B's petition without formally approving the modules in lieu of the Business Basics course?

If so, what is your vote regarding B's petition?

Thank you,

Holly

Dear GESC,

We have one more petition to review this week. Attached are the materials for V.J. who is applying to the MA SOL program. Please review and submit your vote.

The last attachment details the criteria for the exceptions policy. Please note that regarding the "successful completion of an approved subject matter program or exam" that Dave completed a review of a Writing Exercise and also used her knowledge of handling payroll as a judge of her ability to complete business processes.

Thank you,

Holly
