FINAL EXAMINATION POLICY

Successful completion of this class requires taking the final examination **on its scheduled day**. The final examination schedule is posted on the [Class Schedules](#) site. No requests for early examinations or alternative days will be approved.

COURSE SCHEDULE AND ASSIGNMENTS

The 'official' and up-to-date schedule of all activities will be on the Canvas website. Make sure to check this regularly.

Assignments

[CAPSTONE Simulation & CompXM](#)

While we will do background reading for our class sessions, simply **the best way to learn about strategy is to do it!** Accordingly, you will “learn by doing” as you learn to manage a simulated firm’s strategies and operations over two practice and eight competitive planning periods. You will be placed in one of five teams in a six-team industry which will compete with each other in the *Capstone* environment. *Capstone* is the leading business strategy computer simulation and is used worldwide for undergraduate, MBA and executive level strategy training. Because of the simulation’s broad adoption and design, you will be able to benchmark your team’s performance not just against other teams in our class, but also against thousands of other teams across the U.S.

You will receive points towards your final grade based on how well your team does and on how your team-mates evaluate your contribution to the team’s efforts. Your Capstone team grade is worth 200 pts.

The group simulation is followed by an *individual* simulation – the *CompXM* Competency Exam – which will test each individual’s knowledge and ability to execute strategic concepts. **Be warned: If you aren’t deeply involved in your Capstone team’s decisions, you will struggle on the individual *CompXM* simulation!** The *CompXM* Competency Exam will constitute part of your final exam for the course and is worth 100 points.

Teams

As a business person you will do the great bulk of your work as members of teams. The reason for this is simple: a group of motivated people can achieve much more than any individual can alone. Similarly,

some of the tasks in this class are more successfully tackled when students work in (effective) teams. Finally, this is a last opportunity for you to reflect on how you can be more successful in dealing with the many challenges of working in teams.

We will spend some time thinking together about the factors that contribute to teams working well and effectively together. Grades for any weekly quizzes will be partly team-based as will the group chapter presentations and your Capstone grade. **Your Capstone simulation has a team assessment tool which we will use. These assessments will affect the grades you receive on your teamwork for Capstone.**

Capstone & CompXM Grading

Capstone grading: Approximately 2000 undergraduate teams are running the *Capstone* simulation this semester worldwide. Your team's final score will be based on your weighted ranking vis-à-vis national team performance standards, (possibly modified by your perceived efforts and learning), as follows:

- a) *If your team finishes the simulation at or above the 90th percentile in the nation: 200 pts.*
- b) *If your team finishes between the 80th and 89th percentile in the nation: 190 pts.*
- c) *If your team finishes between the 70th and 69th percentile in the nation: 180 pts.*
- d) *If your team finishes between the 60th and 59th percentile in the nation: 165 pts*
- e) *If your team finishes between the 50th and 49th percentile in the nation: 150 pts*
- f) *If your team finishes between the 40th and 39th percentile in the nation: 135 pts*
- g) *If your team finishes between the 30th and 29th percentile in the nation: 120 pts*
- h) *If your team finishes between the 20th and the 19th percentile in the nation: 100 pts*
- i) *If your team finishes below the 20th percentile in the nation: 80 pts.*
- j) **NOTE:** *low ranking teams which show SUBSTANTIAL progress in last couple of years may receive bonus points – instructor's option. Moreover, a STRONG Executive Briefing at the end of the simulation WILL earn bonus points – instructor's option.*
- k) **NOTE:** *your individual grade will be influenced by how your team evaluates your individual contributions using the peer evaluation tool in Capstone! For example, in a recent class, a team had one member who failed to show up for meetings and contributed little to decisions. Although the team as a whole received 200 points, the non-contributing member ended up with 105 points! The moral: give your best effort and pull your weight!*

CompXM Grading: Your *CompXM* scores will be curved against the top scoring student in the class this semester. Thus if the top *CompXM* score is 800 pts and your score is 630 points, you would receive $630/800 = 0.79 \times 200 = 158$ points.

Final Exam

The final will likely be a written essay exam – worth 200 points. I will likely post study questions in advance from which I will select questions for the written essay exam.

Session Work

For most sessions which are not dedicated to *Capstone*, you will be asked to carry out (and often submit) some piece of work before or during the session. This will include a number of quizzes and at least one reflection on an assigned video.

Participation

Class participation will be evaluated. First, I will keep attendance and note your engagement in class with the material. If you don't participate in our discussions or other class activities, you will have trouble earning a good participation grade. I will also ask you to complete a Preparation and Participation worksheet – in which you can make your case to me and/or remind me of all the preparation and participation that you did for each session. More details on this will be on the course Canvas site.

Group Chapter Presentations

Twice during the term each course team will give an overview and lead a discussion / activity on one of textbook chapters (or parts of chapters). The class time allotted for each presentation is 25 minutes.

STATE AUTHORIZATION

State authorization is a formal determination by a state that Point Loma Nazarene University is approved to conduct activities regulated by that state. In certain states outside California, Point Loma Nazarene University is not authorized to enroll online (distance education) students. If a student moves to another state after admission to the program and/or enrollment in an online course, continuation within the program and/or course will depend on whether Point Loma Nazarene University is authorized to offer distance education courses in that state. It is the student's responsibility to notify the institution of any change in his or her physical location. Refer to the map using the below link to view which states allow online (distance education) outside of California.

PLNU COPYRIGHT POLICY

Point Loma Nazarene University, as a non-profit educational institution, is entitled by law to use materials protected by the US Copyright Act for classroom education. Any use of those materials outside the class may violate the law.

PLNU ACADEMIC HONESTY POLICY

Students should demonstrate academic honesty by doing original work and by giving appropriate credit to the ideas of others. Academic dishonesty is the act of presenting information, ideas, and/or concepts as one's own when in reality they are the results of another person's creativity and effort. A faculty member who believes a situation involving academic dishonesty has been detected may assign a failing grade for that assignment or examination, or, depending on the seriousness of the offense, for the course. Faculty should follow and students may appeal using the procedure in the university Catalog. See [Academic Policies](#) for definitions of kinds of academic dishonesty and for further policy information.

PLNU ACADEMIC ACCOMMODATIONS POLICY

While all students are expected to meet the minimum standards for completion of this course as established by the instructor, students with disabilities may require academic adjustments, modifications or auxiliary aids/services. At Point Loma Nazarene University (PLNU), these students are requested to register with the Disability Resource Center (DRC), located in the Bond Academic Center. (DRC@pointloma.edu or 619-849-2486). The DRC's policies and procedures for assisting such students in the development of an appropriate academic adjustment plan (AP) allows PLNU to comply with Section 504 of the Rehabilitation Act and the Americans with Disabilities Act. Section 504 (a) prohibits discrimination against students with special needs and guarantees all qualified students equal access to and benefits of PLNU programs and activities. After the student files the required documentation, the DRC, in conjunction with the student, will develop an AP to meet that student's specific learning needs. The DRC will thereafter email the student's AP to all faculty who teach courses in which the student is enrolled each semester. The AP must be implemented in all such courses.

If students do not wish to avail themselves of some or all of the elements of their AP in a particular course, it is the responsibility of those students to notify their professor in that course. PLNU highly recommends that DRC students speak with their professors during the first two weeks of each semester about the applicability of their AP in that particular course and/or if they do not desire to take advantage of some or all of the elements of their AP in that course.

PLNU ATTENDANCE AND PARTICIPATION POLICY

Regular and punctual attendance at all classes is considered essential to optimum academic achievement. If the student is absent from more than 10 percent of class meetings, the faculty member can file a written report which may result in de-enrollment. If the absences exceed 20 percent, the student may be de-enrolled without notice until the university drop date or, after that date, receive the appropriate grade for their work and participation. See [Academic Policies](#) in the Undergraduate Academic Catalog.
