- 2) **Mid-term and Final Exam** (250 points total) There will be two exams in this class. The exams are based on the content covered in class and the required readings up to midterm. Exams will be essay questions based on a case.
- 3) **Application Homework** (2 @ 25 points each) There are two homework assignments linked to the Firm Application Paper. The goal of the homework is to build specific marketing analysis aligned to the firm that you are reviewing for the Firm/SBU Application Paper.
- 4) **Firm/SBU Application Project** (200 points): Each student will select (first come, first reserve) a firm or a Strategic Business Unit within a firm to directly work with to come up with ideas for how to achieve a specific marketing objective.

Your task is to apply the various lessons of the course to an analysis of a specific firm. The "firm" may be a small business, corporation or nonprofit. It may be a firm that you work for or are doing an internship/co-op with. The information about the firm must be accessible to you through a person at the firm who is willing to work with you and from other secondary/primary sources. Make sure to cite your sources properly in APA Style. The paper will be no more than 10 pages, plus an Executive Summary (appendices are allowed beyond the 10 pages).

Firm/SBU Application Project Assignment Requirements:

Submit a marketing report to management. **Write the report as if you are submitting to an owner, marketing manager or Chief Marketing Officer for consideration.** Use communication style that you think will be well received by the recipient. This means that the paper should not be academic. Speak to and present for the practical interests of the marketing management team.

The deliverable must provide the following.

- a) After research and collaboration with the site official, what is the SMART Marketing Objective? What is the marketing outcome that needs to be achieved?
  - b) After research and collaboration with the site official, what is the **analysis** that builds context for your marketing recommendations?
  - c) What are your recommendations to marketing management for improvements to the marketing efforts that will achieve the specific marketing objective?
  - d) What is the projected ROI of your proposal? Sell it.
  - e) Write an Executive Summary and put it at the front of the Marketing Management Paper.
- 5) **BrandPro Simulation** (100 points; 25 points for simulation performance; 75 points for simulation executive briefings)

At the end of the simulation, you will prepare a written **Executive Briefing** to the Marketing Manager assessing your performance, strategies, lessons learned, and recommendations for the future. The analysis should include:

- analysis of past performance
- main strategies pursued
- main adjustments made to changes in the environment
- key points learned through past successes and failures
- recommendations for the future

- 6) **Simulation Peer Evaluation and Class Participation** (100 point evaluation based on the simulation work): Team members will be required to complete a confidential, critique of each team member's performance. Peer Evaluations must be submitted by each team member twice during the semester.

Class sessions will regularly have an in-class experience, such as a "what would you do." These activities will be for points. You must be present (or have a pre-approved absence granted by the instructor) to earn these points.

Make your presence known, in a positive way, and you will earn these points. Make your presence known, in a negative way, and you will lose these points. "Making your presence known" means that you:

- a) are present for class ON-TIME
- b) respond to questions in class
- c) offer insights, questions and evidences to support the conversation
- d) engage, verbally and non-verbally in the class activities
- e) use technology to support the learning process and do not use technology for non-course related activities.

- 7) **Lesson Plan** (100 points) Teams of four students (**different persons from your simulation teams**) will develop a lesson plan on based on a current topic in marketing. Pre-selected topics are listed in course calendar. Assessment and feedback will be provided for content and presentation. A portion of the presentation grade will be for individual presentation performance.

For this assignment, become the expert on the selected topic and figure out the best way to teach the other students in the class about the topic. Make sure the following aspects are included in your lesson plan:

- Define the topic and relate it to the overall course content.
  - Include a real-world application in marketing. For example, has the subject been in the news recently? Are any companies doing an exemplary work in this area? Can you interview an expert? Are there great videos available on the topic? Are there any outstanding resources to share?
  - The lesson plan should take students approximately 15 minutes to present in class.
  - You must include one discussion question to engage students in class on your topic.
- 8) **In-class Experiences** (up to 50 points at the discretion of the faculty member): There will be various learning experiences during class sessions. Participation will earn points. Additionally, there will be a quiz over the BrandPro game material prior to the beginning of the simulation.
- 9) **Marketing Rebellion Canvas Discussion** (100 points): Students will respond to the questions below related to the book and then engage in an online conversation for assigned chapters in the *Marketing Rebellion* book.
- What are the BIG points being made in the chapter?
  - How does it compare and contrast with the view of marketing management from Kotler?
  - What is the TAKE AWAY that should inform marketing management in the future?

At the Mission Valley (MV) campus we have an onsite chaplain, Rev. Gordon Wong, who is available during class break times across the week. If you have questions for, desire to meet or share a prayer request with Rev. Wong you can contact him directly at [mvchaplain@pointloma.edu](mailto:mvchaplain@pointloma.edu) or [gordonwong@pointloma.edu](mailto:gordonwong@pointloma.edu). Rev. Wong's cell number is 808-429-1129 if you need a more immediate response.

In addition, on the MV campus there is a prayer chapel on the third floor which is open for use as a space set apart for quiet reflection and prayer.

## **PLNU COPYRIGHT POLICY**

Point Loma Nazarene University, as a non-profit educational institution, is entitled by law to use materials protected by the US Copyright Act for classroom education. Any use of those materials outside the class may violate the law.

## **PLNU ACADEMIC HONESTY POLICY**

Students should demonstrate academic honesty by doing original work and by giving appropriate credit to the ideas of others. Academic dishonesty is the act of presenting information, ideas, and/or concepts as one's own when in reality they are the results of another person's creativity and effort. A faculty member who believes a

situation involving academic dishonesty has been detected may assign a failing grade for that assignment or examination, or, depending on the seriousness of the offense, for the course. Faculty should follow and students may appeal using the procedure in the university Catalog. See the [Academic Honesty Policy](#) in the Graduate and Professional Studies Catalog for definitions of kinds of academic dishonesty and for further policy information.

### **PLNU ACADEMIC ACCOMMODATIONS POLICY**

PLNU is committed to providing equal opportunity for participation in all its programs, services, and activities. Students with disabilities may request course-related accommodations by contacting the Educational Access Center (EAC), located in the Bond Academic Center ([EAC@pointloma.edu](mailto:EAC@pointloma.edu) or 619-849-2486). Once a student’s eligibility for an accommodation has been determined, the EAC will issue an academic accommodation plan (“AP”) to all faculty who teach courses in which the student is enrolled each semester.

PLNU highly recommends that students speak with their professors during the first two weeks of each semester/term about the implementation of their AP in that particular course and/or if they do not wish to utilize some or all of the elements of their AP in that course.

Students who need accommodations for a disability should contact the EAC as early as possible (i.e., ideally before the beginning of the semester) to assure appropriate accommodations can be provided. It is the student’s responsibility to make the first contact with the EAC.

### **PLNU ATTENDANCE AND PARTICIPATION POLICY**

Regular and punctual attendance at all classes is considered essential to optimum academic achievement. If the student is absent from more than 10 percent of class meetings, the faculty member can file a written report which may result in de-enrollment. If the absences exceed 20 percent, the student may be de-enrolled without notice until the university drop date or, after that date, receive the appropriate grade for their work and participation. See [Academic Policies](#) in the Graduate and Professional Studies Catalog for additional detail.

### **USE OF TECHNOLOGY**

In order to be successful in your course, you'll need to meet the minimum technology and system requirements; please refer to the [Technology and System Requirements](#) information. Additionally, students are required to have headphone speakers, microphone, or webcams compatible with their computer available to use for any online or hybrid classes. Please note that any course with online proctored exams require a computer with a camera (tablets are not compatible) to complete exams online.

Problems with technology do not relieve you of the responsibility of participating, turning in your assignments, or completing your class work.

### **FINAL EXAMINATION POLICY**

Successful completion of this class requires taking the final examination **on its scheduled day**. No requests for early examinations or alternative days will be approved.

**Lesson Plan**  
Fall 2021  
MBA Marketing Management

The Lesson Plan is an opportunity to learn about current developments in Marketing and the implication of these developments on Marketing Management. A team will give a professional presentation in class. There is no written paper submission required.

This learning activity will:

1. Provide a current perspective of important topics that impact Marketing Management in 2021.
2. Create an opportunity to work in a team to create a presentation and for the team presentation to receive feedback and coaching.
3. Serve as an opportunity to practice professional presentation skills and to receive feedback and coaching.

Presentations will be videotaped and the video will be distributed to the team members for viewing.

**Lesson Plan Guidelines**

1. Directly answer the question posed. Draw a specific conclusion from the evidence developed through the presentation.
2. Define the topic and relate it to what we are studying in Marketing. Demonstrate that you are a beginning "expert" in the topic and update the class on definitions, uses, trends, controversy and your position regarding the topic.
3. Include a real-world and/or current topic aspect of the topic. For example, has the subject been in the news recently? Are any companies doing exemplary work in this area? Are there great videos available on the topic? Are there any outstanding resources you can share with us?
4. Your team should take 15 minutes in class to share your presentation. Make it engaging and informative. You may include readings, videos, articles, website reviews, etc.
5. After the formal presentation, lead a 10-minute conversation with your peers. Consider how to foster a discussion.

Students will sign up for your topic in Week One.

Week 5: Search Engine Optimization: Will SEO remain a critical part of the way that the Marketing Manager will find/get/keep customers in the next five years?

Week 6: Artificial Intelligence Applications in Marketing: What ways will AI change the nature of Marketing and the job of the Marketing Manager in the future?

Week 7: Social Media Marketing Trends: Will recent developments regarding social media will lead to a decrease in spending on these platforms in the post-COVID era?

Week 9: Branding in a World of Reviews: Because of the advent of reviews, will traditional branding be as important in the future, as it has historically been?

Week 10: Influencer Marketing: Is the effectiveness of the social influencer as a part of the marketing communication plan decreasing in 2021 as a result of the emerging business environment from COVID-19?

Week 11: Programmatic Advertising: Is programmatic advertising a fad or will it be the standard for media placement in the future?

Week 12: Marketing During a Crisis: How can a firm do to take advantage of a crisis, such as pandemic that causes a recession? What actions/reactions are recommended to marketing managers?
