Learning Outcomes:

Program Learning Outcome (PLO)	Description of Learning Outcome
RN-BSN PLO #1 Inquiring Faithfully	Student will demonstrate knowledge, skill and behavior of the evidence-based practice of nursing which integrates growth in reasoning, analysis, decision-making and the application of theory with the goal of advocating for others and/or self. This includes holistic nursing skills and the nursing process.

Outcome Measures:

Program Learning Outcome (PLO)	Course	Description of Outcome Measure
RN-BSN PLO #1	NRS431 Leadership Practicum	<u>Clinical Evaluations</u> Application of professional nursing skills in public health settings with opportunity to serve vulnerable populations of individuals, groups and communities throughout San Diego. Collaboration with inter-professional health team members and implementation of organizational skills focus on improving population health by emphasizing prevention, and attending to multiple determinants of health.
	NRS440 Nursing Capstone	<u>EBP Project</u> Each student will produce a 2-minute video that will include: an introduction of self, areas for growth, why you chose nursing as your vocation and a specific culminating question assigned (see course syllabus for complete assignment details). <u>EBP Presentation</u> Students synthesize Evidence Based Practice (EBP) Phases I and II (completed in previous NRS courses) with Phase III into final presentation of EBP Proposal.

Note: As of Fall 2019, sub-PLO's previously reported (i.e. 1.1, 1.2, 1.3, 1.4, 1.5) on will no longer be assessed individually. The School of Nursing assesses only the overall PLO #1 of Inquiring Faithfully.

Conclusions Drawn from Data:

Program Learning Outcome (PLO)	Conclusions Drawn from Data
RN-BSN PLO #1	<p>Students are meeting the benchmark in leadership practicum and in the Evidence-Based Presentation. In the Evidence-Based Paper, students appear to be struggling with two particular elements:</p> <ul style="list-style-type: none"> Evaluate the credibility of sources of information, including but not limited to databases and internet resources. Integrates evidence, clinical judgment, interprofessional perspectives and patient preferences in planning, implementing and evaluating outcomes of care.

Changes to be Made Based on Data:

Program Learning Outcome (PLO)	Description of Changes to be Made Based on Data
RN-BSN PLO #1	<p>The Program Director and lead faculty for NRS4040 were made aware of inability to meet the benchmark with the paper. Assignments in earlier courses that teach this skill will be re-evaluated and reworked to ensure understanding and mastery as demonstrated in this capstone paper.</p>
