\*Gap in data due to changes in SON faculty

(The RN-BSN program was a new program during FA16 & SP17. Challenges with technology and the development of initial assessment procedures led to a lack of data during those semesters.)

**Conclusions Drawn from Data:**

Students are meeting established benchmarks for FA20 and SP21. Current methods of teaching/learning are providing adequate means to measure.

**Changes to be Made Based on Data:**

Students continue to demonstrate a high level in expressing ideas and information related to subject matter through oral communication. Continue to monitor.
