

Master of Science in Occupational Therapy Program

OCC 6023, Level I Fieldwork-B, Pediatric/Adolescent

1 CREDIT

FALL 2024

Meeting days/times: M-F during Week 10, hours based on assigned sites hours of operation

Meeting location: Assigned fieldwork site

Final Exam/Presentation: None

Information	Specifics for the Course		
Instructor title and name:	Professor Robbie Lavery, MOT, OTR/L		
Phone:	(619) 849-3354		
Email:	rlavery@pointloma.edu		
Office location and hours:	Virtual/in-person as requested; email your faculty		

PLNU Mission

To Teach ~ To Shape ~ To Send

Point Loma Nazarene University exists to provide higher education in a vital Christian community where minds are engaged and challenged, character is modeled and formed, and service is an expression of faith. Being of Wesleyan heritage, we strive to be a learning community where grace is foundational, truth is pursued, and holiness is a way of life.

Course Description

This is the second of three Level I Fieldwork experiences focusing on client interactions to develop observational and clinical reasoning skills, therapeutic use of self, communication abilities and understanding of the OT process for children and /or adolescents. Students will

analyze the effects of developmental dysfunction on the lives of children or adolescents, perform developmental screenings, and develop and implement group interventions.

Relationship of Course to Curriculum Design

This course is the 2 in a 3-part fieldwork series on. It is taken concurrently with the following courses Pediatric/Adolescent Conditions This course supports the curricular threads of occupation and interdisciplinary collaboration. The application knowledge gained in the course prepares students to succeed in Level II OT fieldwork.

Program and Course Learning Outcomes

This course contributes to the acquisition of skills and knowledge necessary for achievement of the following program learning outcomes:

- PLO # 2: Develop and utilize a therapeutic use of self during client interactions which supports the client's engagement in occupational therapy and achievement of the client's goals.
- PLO # 3: Provide services within a client-centered and occupation-based framework, with consideration of contextual factors that influence a person's, group's, and/or population's ability to engage in meaningful occupational tasks and roles.
- PLO # 7: Prepare diverse healthcare professionals as providers and leaders in the delivery
 of high-quality, accessible, culturally responsive care within a highly technological and
 global environment.
- PLO # 8: Advance the awareness and ability to work collaboratively with interdisciplinary team members to enhance the provision of client-centered, quality occupational therapy services.

Course Learning Outcomes

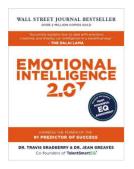

Course learning outcomes used are ACOTE Standards and students will be using concepts and skills that will be introduced and/or be expected to master.

- 1. Demonstrate knowledge of: Human development throughout the lifespan (infants, children, adolescents, adults, and older adults). Course content must include, but is not limited to, developmental psychology. Concepts of human behavior to include the behavioral sciences, social sciences, and science of occupation. (B.1.1 in part)
- 2. Demonstrate therapeutic use of self, including one's personality, insights, perceptions, and judgments, as part of the therapeutic process in both individual and group interaction (4.1).
- 3. Recommend and provide direct interventions and procedures to persons, groups, and populations to enhance safety, health and wellness, and performance in occupations. This must include the ability to select and deliver occupations and activities, preparatory methods and tasks (including therapeutic exercise), education and training, and advocacy. (B.4.10)

- 4. Assess, grade, and modify the way persons, groups, and populations perform occupations and activities by adapting processes, modifying environments, and applying ergonomic principles to reflect the changing needs of the client, sociocultural context, and technological advances. (4.18)
- 5. Demonstrate, evaluate, and utilize the principles of the teaching–learning process using educational methods and health literacy education approaches:
- · To design activities and clinical training for persons, groups, and populations.
- To instruct and train the client, caregiver, family, significant others, and communities at the level of the audience. (B.4.21)
- 6. Monitor and reassess, in collaboration with the client, caregiver, family, and significant others, the effect of occupational therapy intervention and the need for continued or modified intervention. (B.4.22)
- 7. Identify occupational needs through effective communication with patients, families, communities, and members of the interprofessional team in a responsive and responsible manner that supports a team approach to the promotion of health and wellness (B.4.23)
- 8. Demonstrate knowledge of various reimbursement systems and funding mechanisms (e.g., federal, state, third party, private payer), appeals mechanisms, treatment/diagnosis codes (e.g., CPT®, ICD, DSM® codes), and coding and documentation requirements that affect consumers and the practice of occupational therapy. Documentation must effectively communicate the need and rationale for occupational therapy services. (B.4.29)
- 9. Demonstrate knowledge of the American Occupational Therapy Association (AOTA) Occupational Therapy Code of Ethics and AOTA Standards of Practice and use them as a guide for ethical decision making in professional interactions, client interventions, employment settings, and when confronted with personal and organizational ethical conflicts. (B.7.1)

Required Text

NOTE: Students are responsible to have the required course textbooks prior to the first day of class. Students are also encouraged to begin reading the books in preparation for the class as soon as possible.

Assessment and Grading

Assessment Methods

- Daily and end of week reflections
- Written assignments
- Evaluations

Grading

Grading will be based on the PLNU grading scale below. Grades will be rounded down from .1-.4; and rounded up from .5 to .9.

PLNU Grading Scale: A=93-100 B-=80-82 D+=67-69 A-=92-90 C+=77-79 D=63-66 B+=87-89 D-=60-62 C=73-76 B=83-86 C-=70-72 F=0-59 **Course Weighting Daily Reflection** 5% **Treatment Plan** 5% **SOAP Note** 5% **Home Program** 5% Fieldwork Evaluation of Student (FEWS) 60% Student Evaluation of Fieldwork (SEFW) 10% **Final Reflection** 10%

Grade Intervention Plan

Scoring below a letter grade of B- (79.5%) in any clinical course and/or any Level II and Level III Clinical Competency will be rated as not showing evidence of necessary competency.

All students must develop a remediation plan if their grades do not meet the expected threshold. A remediation plan is a cooperative effort between the student, course instructor, and the faculty advisor to establish specific learning activities and plan to ensure competency and successful progression in the program.

Potential consequences of the above may include any of the following:

- Need to repeat a Level II or Level III clinical competency.
- Inability to take the next course in a sequence for which this course is a prerequisite.
- Academic warning.
- Academic probation.
- Need to join the next cohort of students.

Refer to the OT Student Handbook, found on the MSOT Program website for more information.

Content Warning

I acknowledge that each of you comes to PLNU with your own unique life experiences. This contributes to the way you perceive various types of information. In OCC 6023 all the class content, including that which may be intellectually or emotionally challenging, has been intentionally curated to achieve the learning goals for this course. The decision to include such material is not taken lightly. If you encounter a topic that is intellectually challenging for you, it can manifest in feelings of discomfort and upset. In response, I encourage you to come talk to me or your friends or family about it. Class topics are discussed for the sole purpose of expanding your intellectual engagement in the occupational therapy profession, and I will support you throughout your learning in this course.

Trigger Warning

I acknowledge that each of you comes to PLNU with your own unique life experiences. This contributes to the way you perceive several types of information. In OCC 6023 we will cover a variety of topics, some of which you may find triggering. The experience of being triggered versus intellectually challenged are different. The main difference is that an individual must have experienced trauma to experience being triggered, whereas an intellectual challenge has nothing to do with trauma. If you are a trauma survivor and encounter a topic in this class that is triggering for you, you may feel overwhelmed or panicked and find it difficult to concentrate. In response, I encourage you to take the necessary steps for your emotional safety. This may include talking to a therapist at the Counseling Center. Know that you are still responsible for the material; but we can discuss if there are other methods for accessing that material and for assessing your learning on that material. Class topics are discussed for the sole purpose of expanding your intellectual engagement in the profession of occupational therapy, and I will support you throughout your learning in this course.

Incompletes and Late Assignments

All assignments are to be submitted/turned in by the designated due date and time of day, typically 11:59 pm. Each day an assignment is late, your grade will be reduced by 10%. Incompletes will only be assigned in extremely unusual circumstances.

PLNU Spiritual Care

Balboa Campus:

PLNU strives to be a place where you grow as a whole person. To this end, we provide resources for our graduate students to encounter God and grow in their Christian faith. At the Balboa campus, we have an onsite chaplain, Rev. Kevin Portillo, who is available during class break times across the week. If you have questions, a desire to meet or share any prayer requests with Rev. Portillo, you may contact him directly at KevinPortillo@pointloma.edu.

In addition, there is a guiet space for meditation located in the chapel on the second floor.

PLNU Copyright Policy

Point Loma Nazarene University, as a non-profit educational institution, is entitled by law to use materials protected by the US Copyright Act for classroom education. Any use of those materials outside the class may violate the law.

PLNU Recording Notification

To enhance the learning experience, please be advised that this course may be recorded by the professor for educational purposes, and access to these recordings will be limited to enrolled students and authorized personnel.

Note that all recordings are subject to copyright protection. Any unauthorized distribution or publication of these recordings without written approval from the University (refer to the Dean) is strictly prohibited.

PLNU Academic Honesty Policy

Students should demonstrate academic honesty by doing original work and by giving appropriate credit to the ideas of others. Academic dishonesty is the act of presenting information, ideas, and/or concepts as one's own when they are the results of another person's creativity and effort. A faculty member who believes a situation involving academic dishonesty has been detected may assign a failing grade for that assignment or examination, or, depending on the seriousness of the offense, for the course. For all student appeals, faculty and students should follow the procedures outlined in the University Catalog. See <u>Graduate Academic and General Policies</u> for definitions of kinds of academic dishonesty and for further policy information.

During the first week of class, you will be asked to submit an Academic Honesty Verification Statement. Submitting the statement is a requirement of this course. By submitting the Academic Honesty Verification Statement, you will be verifying all assignments completed in this course were completed by you. Carefully review the Academic Honesty Statement below.

Statement: "In submitting this form, I am verifying all the assignments in this course will be completed by me and will be my own work."

Artificial Intelligence (AI) Policy

You are allowed to use Artificial Intelligence (AI) tools (e.g., ChatGPT, Gemini Pro 1.5, GrammarlyGo, Perplexity, etc.) to generate ideas, but you are not allowed to use AI tools to generate content (text, video, audio, images) that will end up in any work submitted to be graded for this course. If you have any doubts about using AI, please gain permission from the instructor.

APA Style: How to Cite ChatGPT

PLNU Academic Accommodations Policy

PLNU is committed to providing equal opportunity for participation in all its programs, services, and activities in accordance with the Americans with Disabilities Act (ADA). Students with disabilities may request course-related accommodations by contacting the Educational Access Center (EAC), located in the Bond Academic Center (EAC@pointloma.edu or 619-849-2486). Once a student's eligibility for an accommodation has been determined, the EAC will work with the student to create an Accommodation Plan (AP) that outlines allowed accommodations. The EAC makes accommodations available to professors at the student's request.

PLNU highly recommends that students speak with their professors during the first two weeks of each semester/term about the implementation of their AP in that course. Accommodations are not retroactive so clarifying with the professor at the outset is one of the best ways to promote positive academic outcomes.

Students who need accommodations for a disability should contact the EAC as early as possible (i.e., ideally before the beginning of the semester) to assure appropriate accommodations can be provided. It is the student's responsibility to make the first contact with the EAC. Students cannot assume that because they had accommodations in the past, their eligibility at PLNU is automatic. All determinations at PLNU must go through the EAC process. This is to protect the privacy of students with disabilities who may not want to disclose this information and are not asking for any special accommodations.

Language and Belonging

Point Loma Nazarene University faculty are committed to helping create a safe and hospitable learning environment for all students. As Christian scholars we are keenly aware of the power of language and believe in treating others with dignity. As such, it is important that our language be equitable, inclusive, and prejudice free. Inclusive/Bias-free language is the standard outlined by all major academic style guides, including APA, and it is the expected norm in university-level work. Good writing and speaking do not use unsubstantiated or irrelevant generalizations about personal qualities such as age, disability, economic class, ethnicity, marital status, parentage, political or religious beliefs, race, gender, sex, or sexual orientation. Inclusive language also avoids using stereotypes or terminology that demeans persons or groups based on age, disability, class, ethnicity, gender, race, language, or national origin. Respectful use of language is particularly important when referring to those outside of the religious and

lifestyle commitments of those in the PLNU community. By working toward precision and clarity of language, we mark ourselves as serious and respectful scholars, and we model the Christ-like quality of hospitality.

If you (or someone you know) have experienced other forms of discrimination or bias, you can find more information on reporting and resources at www.pointloma.edu/bias.

Sexual Misconduct and Discrimination

In support of a safe learning environment, if you (or someone you know) have experienced any form of sexual discrimination or misconduct, including sexual assault, dating or domestic violence, or stalking, know that accommodations and resources are available through the Title IX Office at pointloma.edu/Title-IX. Please be aware that under Title IX of the Education Amendments of 1972, faculty and staff are required to disclose information about such misconduct to the Title IX Office.

If you wish to speak to a confidential employee who does not have this reporting responsibility, you can contact Counseling Services at <u>counselingservices@pointloma.edu</u> or find a list of campus pastors at <u>pointloma.edu/title-ix or as shown in the PLNU Spiritual Care section of this syllabus.</u>

If you (or someone you know) have experienced other forms of discrimination or bias, you can find more information on reporting and resources at www.pointloma.edu/bias

PLNU Course Modality Definitions

- 1. Online Courses: These are courses with class meetings where all instruction and interaction is fully online.
 - a. Synchronous Courses: At least one class meeting takes place at a designated time.
 - b. Asynchronous Courses: All class meetings are asynchronous.
- 2. Hybrid Courses: These are courses with class meetings that take place both in the classroom and online synchronously and/or asynchronously.
- 3. In-Person Courses: These are courses that meet in person with the instructor and students in a physical classroom setting. With approval by the area dean, this may include up to 25% of qualified class interactions through a Learning Management System (such as Canvas).

PLNU Attendance and Participation Policy

Regular and punctual attendance at all clinical sessions is considered essential to optimum academic achievement. Therefore, regular attendance and participation in clinical sessions are minimal requirements.

This course includes an on-site participation component, which is approximately **40 hours over the course of one week.** Students who anticipate being absent for any part of this week **should contact the Academic Fieldwork Coordinator prior to the anticipated absence for approval** to miss the fieldwork experience, as well as contact their fieldwork educator.

Acceptable absences include illness, family emergencies, family deaths, and/or a significant life event impacting ability to attend class, however, students must meet the 40 hours of on-site participation to pass this course, therefore, any on-site visit absence, must be made up in coordination with your site supervisor.

Refer to <u>Academic Policies</u> for additional detail.

Synchronous Attendance/Participation Definition

For synchronous courses that have specific scheduled meeting times (including in-person, hybrid, and synchronous online courses), absences are counted from the first official meeting of the class regardless of the date of the student's enrollment. For courses with specific attendance requirements, those requirements are outlined in the course syllabus.

Online Asynchronous Attendance/Participation Definition

Students taking online courses with no specific scheduled meeting times are expected to actively engage throughout each week of the course. Attendance is defined as participating in an academic activity

GPS Academic Resources

PLNU offers the following free academic resources virtually for Graduate Professional Studies (GPS) Students. Visit myPLNU through the links below for more information.

- The GPS Writing Center offers:
 - o **Zoom Writers Workshops** offered each quad on a variety of helpful topics.
 - o **One-to-one appointments** with the Writing Coach
 - Microlearning YouTube Video Library for helpful tips anytime
 - o <u>Research Help Guide</u> to help you start your research.
 - The physical office is located on the third floor of the <u>Mission Valley Regional Center</u> off the student lounge.
- Academic Writing Resources Course: Found on your Canvas Dashboard, this course is non-credit
 with 24/7 access, no time limits, and self-paced content. Watch a quick video run-through and
 take time now to explore!
- Grammarly: Students have unlimited FREE access to Grammarly for Education, a trusted tool
 designed to help enhance writing skills by providing real-time feedback, identifying areas for
 improvement, and providing suggestions. Grammarly's Generative AI is NOT available with our
 student accounts.
- <u>Tutoring</u>: Students have access to 24/7 live or scheduled subject tutoring through Tutor.com, including a Paper Drop-Off Service with feedback within 12 hours.

We are here to support you! Contact us anytime: GPSWritingCenter@pointloma.edu

Assignments At-A-Glance

The course summary below lists these course assignments. See Canvas for specific details about assignments and due dates.

Course Learning Objectives: At the conclusion of this course, students will be able to:	Course Curricular Thread (s)	ACOTE Standar d Measure ment of Learning	HOW? Student Learning Activities	DEMONSTRATE: Assessment of Student Learning
 Demonstrate knowledge of: The structure and function of the human body to include the biological and physical sciences, neurosciences, kinesiology, and biomechanics. Human development throughout the lifespan (infants, children, adolescents, adults, and older adults). Course content must include, but is not limited to, developmental psychology. Concepts of human behavior to include the behavioral sciences, social sciences, and science of occupation. 	occupation	B.1.1	Treatment plan, SOAP note, and home program assignments Reflective writing assignments	Treatment plan, SOAP note, and home program assignments Reflective writing assignment
