INTRODUCTION:

The Internet is a dynamic marketplace if there ever was one. This class will give you the theoretical understanding of the internet marketplace necessary to adapt to its many changes, while also equipping you with the skills you'll need to perform vital daily functions. By the end of the course, you will be able to walk into any company with an online presence and improve their use of the Internet.

The world has changed radically in the past decade. The way that people live, shop, work and buy has been transformed. As a result, companies - from small businesses to Fortune 500 companies -

have been forced to adapt. This course will cover the primary methodology and tools that businesses must take to get more visitors, leads, customers, and promoters.

This course uses free certifications, resources, exercises, and software to create a comprehensive approach to running and growing a business. It is a framework to prepare students to enter the world of digital and social media marketing as educated and informed professionals.

A FEW WORDS ABOUT YOUR INSTRUCTOR:

I am currently a full-time Assistant Professor of Marketing in the Fermanian School of Business. Before becoming a full-time Professor, I held the position of Executive Director for seven years at two local nonprofits, where my team and I raised nearly \$5M. For over 20 years, I have been helping organizations grow their business and extend their brand awareness through strategic integrated B2B and B2C marketing, fundraising, public relations, public advocacy, public speaking, and leadership. I've raised over \$40M for local nonprofits using online and offline tactics such as sales, organic and paid advertising, email marketing, social media marketing, search engine marketing, search engine optimization, designing conversion-centered websites and landing pages.

As a senior-level executive, I have effectively integrated passion and in-depth skill into well-crafted strategic marketing, public relations, social media, and fundraising campaigns to directly fuel multi-million-dollar revenue growth. I am described by others as a foresighted change agent originating life-cycle business, ensuring implementation through effective integrated business and leadership skills as well as a decisive manager of multi-million-dollar budgets.

I graduated from Point Loma Nazarene University's M.B.A. program in 2010. As an alum, I appreciate all of the hard work that each student puts forth and will honor that as I serve you in the classroom.

I am a Christian who believes that integrity is the most important quality needed for someone to be successful in business and life. I also believe that we are all light in the workplace and that others should know we are different by our actions and behavior. Business life can be a platform to bring others to Christ. I also believe that serving others in all that we do can lead to one's own personal success in this life and that we all have the ability to extend grace and mercy to those around us.

PLNU COPYRIGHT POLICY

PLNU RECORDING NOTIFICATION

In order to enhance the learning experience, please be advised that this course may be recorded by the professor for educational purposes, and access to these recordings will be limited to enrolled students and authorized personnel.

Note that all recordings are subject to copyright protection. Any unauthorized distribution or publication of these recordings without written approval from the University (refer to the Dean) is strictly prohibited.

PLNU ACADEMIC HONESTY POLICY

Students should demonstrate academic honesty by doing original work and by giving appropriate credit to the ideas of others. Academic dishonesty is the act of presenting information, ideas, and/or concepts as one’s own when in reality they are the results of another person’s creativity and effort. A faculty member who believes a situation involving academic dishonesty has been detected may assign a failing grade for that assignment or examination, or, depending on the seriousness of the offense, for the course. Faculty should follow and students may appeal using the procedure in the university Catalog. See [Academic Policies](#) for definitions of kinds of academic dishonesty and for further policy information.

PLNU ACADEMIC ACCOMMODATIONS POLICY

PLNU is committed to providing equal opportunity for participation in all its programs, services, and activities. Students with disabilities may request course-related accommodations by contacting the Educational Access Center (EAC), located in the Bond Academic Center (EAC@pointloma.edu or 619-849-2486). Once a student’s eligibility for an accommodation has been determined, the EAC will issue an academic accommodation plan (“AP”) to all faculty who teach courses in which the student is enrolled each semester.

PLNU highly recommends that students speak with their professors during the first two weeks of each semester/term about the implementation of their AP in that particular course and/or if they do not wish to utilize some or all of the elements of their AP in that course.

Students who need accommodations for a disability should contact the EAC as early as possible (i.e., ideally before the beginning of the semester) to assure appropriate accommodations can be provided. It is the student's responsibility to make the first contact with the EAC.

PLNU ATTENDANCE AND PARTICIPATION POLICY

Regular and punctual attendance at all class sessions is considered essential to optimum academic achievement. If the student is absent for more than 10 percent of class sessions, the faculty member will issue a written warning of de-enrollment. If the absences exceed 20 percent, the student may be de-enrolled without notice until the university drop date or, after that date, receive the appropriate grade for their work and participation.

FINAL EXAMINATION POLICY

Successful completion of this class requires taking the final examination on its scheduled day. The final examination schedule is posted on the [Class Schedules](#) site. If you find yourself scheduled for three (3) or more final examinations on the same day, you are authorized to contact each professor to arrange a different time for one of those exams. However, unless you have three (3) or more exams on the same day, no requests for alternative final examinations will be granted.

SPIRITUAL CARE

If students have questions, a desire to meet with the chaplain or have prayer requests you can contact your professor or the [Office of Spiritual Life and Formation](#).

INSTRUCTOR FEEDBACK

Assignments will be graded as soon after the due date as possible and grades for the week will be posted to the Canvas gradebook. If an immediate response is needed email or phone the instructor. If you're reading this then congratulations, you unlocked the ability to skip a quiz of your choosing! In order to skip the quiz and receive full credit, copy the entire Instructor Feedback section of text from this syllabus and paste it into the assignment comment section in Canvas. Good job reading the syllabus and paying attention to detail, it will serve you well in your academic and professional career!

USE OF TECHNOLOGY

In order to be successful in your course, you'll need to meet the minimum technology and system requirements; please refer to the [Technology and System Requirements](#) information. Additionally, students are required to have headphone speakers, microphone, or webcams compatible with their computer available to use for any online or hybrid classes. Please note that any course with online proctored exams require a computer with a camera (tablets are not compatible) to complete exams online.
